Oakland CA PD

Transparency Portal

Last Updated: Tue Apr 21 2026

Overview

The Oakland Police Department utilizes Flock Safety technology to capture and use digital evidence from automated license plate reader (ALPR) cameras, in addition to employing real-time alerts and hotlists of vehicles, to help investigate and prevent crime.

The Oakland Police Department also recognizes the established privacy rights of the public and this portal aims to provide transparency to the community as it relates to how OPD uses this technology.

Policies

What's Detected

License Plates and Vehicles

What's Not Detected

Facial Recognition, People, Gender, Race

Acceptable Use Policy

All ALPR alerts shall be verified through the California Law Enforcement Telecommunications System (CLETS) before possibly taking enforcement action. Please refer to DGO I-12 for further details.
