Oakland CA PD

Transparency Portal

Last Updated: Sun Mar 29 2026

Overview

The Oakland Police Department utilizes Flock Safety technology to capture and use digital evidence from automated license plate reader (ALPR) cameras, in addition to employing real-time alerts and hotlists of vehicles, to help investigate and prevent crime.

The Oakland Police Department also recognizes the established privacy rights of the public and this portal aims to provide transparency to the community as it relates to how OPD uses this technology.

Policies

What's Detected

License Plates and Vehicles

What's Not Detected

Facial Recognition, People, Gender, Race

Acceptable Use Policy

All ALPR alerts shall be verified through the California Law Enforcement Telecommunications System (CLETS) before possibly taking enforcement action. Please refer to DGO I-12 for further details.

Prohibited Uses

Immigration enforcement, enforcement for obtaining, providing, or supporting reproductive healthcare services, harassment or intimidation, usage based solely on a protected class (i.e., race, sex, religion), personal use.

Access Policy

Department sworn personnel, police service technicians, or other authorized/designated Department personnel may use the technology; all others must be designated by the Chief of Police or Designee. Data may not be shared with out of state or federal agencies. Please refer to DGO I-12 for further details.

Hotlist Policy

The Department shall only use the following hot lists: Stolen Vehicle System ("SVS"), National Crime Information Center ("NCIC") lists, CA DOJ lists, Amber and Silver alerts, and custom BOLO lists pertaining solely to missing or at-risk
