RE: PUBLIC RECORDS REQUEST of February 23, 2026, **Reference # W012198-022326**

Dear Brian C,

The City received the following records request from you on February 23, 2026.

Pursuant to the California Public Records Act (Gov. Code § 6250 et seq.), I request the following:

1. All prior versions of Standard Operating Procedure 205 (Automated License Plate Readers), including any predecessor SOPs governing ALPR operations, together with revision dates, effective dates, and any changelog or revision history maintained by the department or its policy vendor (e.g., Lexipol).

2. The current URL where SOP 205 is posted on the San Mateo Police Department website, as required by SOP 205.1. If SOP 205 is not currently posted on the department website, please confirm that it is not posted.

3. Any records showing when SOP 205 was first posted to the department website, if ever, including any web publishing logs, CMS records, or internal communications regarding its posting.

Please provide responsive records in electronic format where available.

We have made a good faith and diligent effort to complete your request, in which responsive records have been collected. These records are available on the San Mateo Records Request Portal. Select the link below to view.

The City has completed its response to your request and now considers this record request **W012198-022326** closed.

Thank you for your patience while we contacted the vendor to determine whether a changelog was available. Lexipol has confirmed that a formal changelog does not exist. The records provided were manually compiled by reviewing and comparing prior policy versions.

Additionally, the Department does not currently have the associated SOPs posted on its website. We acknowledge this oversight and are actively working to ensure the SOPs are published as soon as possible.

If you have any questions, please contact me using the below contact information.

Sincerely,

Kelly O'Keefe
