RE: PUBLIC RECORDS REQUEST of April 02, 2026, **Reference # W012461-040226**

Dear Brian C,

The City received the following records request from you on April 02, 2026.

Pursuant to the California Public Records Act (Gov. Code § 7920 et seq.), I request the following:

Policy 463.10 (effective December 22, 2025) requires monthly internal audits and quarterly external audits of the Flock ALPR system, documented via memorandum to the Chief of Police. Three monthly audit memos (November 2025, December 2025, January 2026) were previously produced via PRA W012129-020926.

1) All monthly internal audit memoranda produced under Policy 463.10 from February 2026 to present.
2) All quarterly external audit memoranda produced under Policy 463.10 from December 2025 to present.
3) All quarterly operator and end-user audit records produced under SOP 205.5.1 from December 2025 to present, including any submissions to the Support Services Captain.
4) All end-user audit records for the NCRIC platform from December 2025 to present, as required by SOP 205.5.1, including any audits of SMPD's data sharing with NCRIC via the Flock network. SOP 205 specifies quarterly end-user audits of NCRIC including review of search justifications and case number entries.

We have made a good faith and diligent effort to complete your request, in which responsive records have been collected. These records are available on the San Mateo Records Request Portal. Select the link below to view. We have no additional records.

The City has completed its response to your request and now considers this record request **W012461-040226** closed.

If you have any questions, please contact me using the below contact information.

Sincerely,

Jennifer Maravillas

Thank you for the responsive records on W012461-040226. I'd like to clarify the response to Items 3 and 4.

The four audit memoranda produced appear to be Policy 463.10 audits responsive to Items 1 and 2. Item 3 requested records produced under SOP 205.5.1, which establishes requirements distinct from Policy 463.10 in reporting chain, scope, platforms, and audit criteria.

Reporting chain:
SOP 205.5.1 requires quarterly audit results submitted to the Support Services Captain. All four memoranda are addressed to the Chief of Police. No submission to the Support Services Captain was produced.

Platform scope:
SOP 205.5.1 requires operator audits of all ALPR platforms. All four memoranda review Flock only. SOP 205 names four additional platforms (Vigilant, BOSS, PIPS, NCRIC). The department has stated it no longer uses Vigilant, BOSS, or PIPS [W012129-020926]. However, an operator audit of these platforms should confirm they remain decommissioned and that no SMPD data persists in them. Additionally, SMPD maintains a Memorandum of Understanding with NCRIC [W012376-032026] and actively shares ALPR data with NCRIC via the Flock platform — NCRIC is not a decommissioned platform. SOP 205 has not been amended to reflect changes in platform usage — the requirement as written covers all five.

Operator audit criteria:
SOP 205.5.1 operator audits are quarterly. The four memoranda are monthly. The memoranda review sharing configuration (data sharing limited to California agencies, "Revoke Out-of-State Sharing" setting selected). SOP 205.5.1 does not specify sharing configuration review as an operator audit criterion.

End-user audit criteria:
SOP 205.5.1 requires quarterly end-user audits including review of search justifications and case number entries. The March 2026 memorandum references "search reasons" and "entries not in compliance with Lexipol Policy 463" but does not describe: (a) how search justifications were evaluated, (b) whether case number entries were reviewed, (c) what compliance criteria were applied, (d) how many searches were reviewed, (e) whether any non-compliant entries were identified, or (f) what corrective actions, if any, resulted. The earlier memoranda (December 2025, January 2026, February 2026) do not reference search activity at all.

NCRIC end-user audits:
Item 4 returned "No responsive records." SMPD maintains a Memorandum of Understanding with NCRIC [W012376-032026] and shares ALPR data with NCRIC via the Flock platform. NCRIC appears on SMPD's Flock sharing list

and itself shares with 318 organizations — including private institutions that do not qualify as public agencies under § 1798.90.5(f). SOP 205.5.1 requires quarterly end-user audits of NCRIC specifically, including review of search justifications and case number entries. No audit of NCRIC's use of SMPD ALPR data — whether accessed directly or via the Flock network — has been produced.

Could you confirm that no records exist matching the SOP 205.5.1 requirements — quarterly audits submitted to the Support Services Captain, covering all ALPR platforms, with end-user audits of NCRIC including review of search justifications and case number entries — separate from the Policy 463.10 memoranda already produced?
