Body:

Brian, Thank you for your additional inquiry on 4/8/26.

With respect to contract approval authority, the City's Business Purchasing Policy authorizes department/division-level approval for contracts below $50,000. As such, City Council approval is not required for agreements within that threshold. For your reference, the applicable policy is attached.

Regarding your second question, the Flock contract was executed in accordance with this policy. Specifically, Lt. Mefford signed the agreement in his capacity as Division Manager with the Chief's authorization, consistent with the City's established purchasing procedures.

Thank you,

Captain Jen Maravillas

The June 1, 2020 informational presentation produced in your initial response was not responsive to Part 1 of my request — it contains no vote, resolution, or motion. The staff report recommends "review and provide feedback," the budget impact section states "there is no budget impact as a result of this informational item," and the minutes record no Council action on Item 14.

Since there are no responsive records to Part 1 (a Council vote, resolution, or motion authorizing Flock use in 2020), I'd like a response to Part 2 of my original request, which read:

If no such record exists, any documentation of the authorization under which the 2020 Flock Service Agreement (Document Ref: N4JAT-XUHHU-6AJ2L-VWSQC, signed by Lt. Mefford on August 17, 2020) was executed.

This asks a different question than Part 1. I am not asking for Council records again. I am asking for whatever documentation shows the authority under which a department member signed a contract obligating the city to $24,000/year — whether that is a department-level approval, a delegation of purchasing authority, a city manager authorization, or any other record.

Could you please search for records responsive to Part 2?

RE: PUBLIC RECORDS REQUEST of April 02, 2026, **Reference # W012460-040226**

Dear Brian C,

The City received the following records request on April 02, 2026.

Pursuant to the California Public Records Act (Gov. Code § 7920 et seq.), I request the following:

The December 2025 audit memo from Lt. Casazza to Chief Barberini states: "The San Mateo Police Department obtained city council approval for the use of Flock Automated License Plate Readers in 2020."

1) Any record of a City Council vote, resolution, or motion authorizing the use of or expenditure on Flock Automated License Plate Readers in 2020.
2) If no such record exists, any documentation of the authorization under which the 2020 Flock Service Agreement (Document Ref: N4JAT-XUHHU-6AJ2L-VWSQC, signed by Lt. Mefford on August 17, 2020) was executed.

A good faith and diligent search yielded no **additional** records responsive to your request.

The City has completed its response to your request and we now consider this record request W012460-040226 closed. If you have any questions, or would like to submit a new request for records, please contact the City.

If you have any questions, please contact me using the below contact information.

Sincerely,

Jennifer Maravillas

TO: "San Mateo Public Records Center"[sanmateoca@mycusthelp.net]
Thank you for the response to W012460-040226. I had previously located the June 1, 2020 agenda packet (Item 14) and meeting minutes on the city website, which is what prompted this request — those records show an informational presentation, not an approval action.

The staff report's recommendation is to "review and provide feedback," the budget impact section describes it as an "informational item," and

the minutes record no motion, vote, or resolution for Item 14. The minutes also note that Council asked for the program "to be brought back to report to Council after a year of experience" — indicating Council expected a follow-up before the program proceeded, not that it had been approved.

My request was specifically asking whether any other record exists — a vote, resolution, or motion — that would constitute the "city council approval" described in Lt. Casazza's December 2025 audit memo.

Could you confirm whether the June 1, 2020 informational presentation issued prior to the council's request for a follow-up report is the only Council-level record responsive to this request, or whether additional records were identified?
