Hi Brian,

For item 1, the process is completed within the Flock platform and I was unable to locate documentation associated. There were no responsive records for items 2 and 3. For item 4 we do not retain records of training for external agencies.

Thanks,
Kelly

RE: PUBLIC RECORDS REQUEST of February 18, 2026, **Reference # W012174-021826**

Dear Brian C,

The City received the following records request on February 18, 2026.

Pursuant to the California Public Records Act (Government Code § 6250 et seq.), I am requesting the following records related to external agency access to SMPD's Flock ALPR data:

1. Records of the pre-approval process described in Policy 462.8(a)/463.8 for external agencies accessing SMPD's ALPR data, including confirmations of authority to access the system for official law enforcement purposes by the database management administrator, ALPR Committee Captain, or Support Services Captain

2. Any memoranda of understanding, data sharing agreements, or other written agreements between SMPD and external agencies granted access to SMPD's Flock camera data

3. Records documenting how the department determined which agencies to grant access to SMPD's Flock cameras, including any records related to the configuration of Flock's statewide network, nationwide network, or direct sharing settings

4. Records of training verification or compliance confirmation for external agency users accessing SMPD's ALPR data, per Policy 463.9 and SOP 205

For context, the Flock Safety transparency portal for SMPD (https://transparency.flocksafety.com/san-mateo-ca-pd) currently lists 285 organizations granted access to San Mateo CA PD data. I am seeking to understand the department's process for approving, monitoring, and auditing this access as required by its own policies.

Should you deny my request, or any part of the request, please state in writing the basis for the denial. Please confirm receipt of this request.

A good faith and diligent search yielded no records responsive to your request.

The City has completed its response to your request and we now consider this record request W012174-021826 closed. If you have any questions, or would like to submit a new request for records, please contact the City.

If you have any questions, please contact me using the below contact information.

Sincerely,
