RE: PUBLIC RECORDS REQUEST of March 08, 2026, **Reference # W012297-030826**

Dear Brian C,

The City received the following records request from you on March 08, 2026.

Pursuant to the California Public Records Act (Government Code § 7920 et seq.), I am requesting the following records related to Section 5.3 of the Master Services Agreement between the City of San Mateo and Flock Group Inc., executed August 25, 2023.

Section 5.3 authorizes Flock Safety to “access, use, preserve and/or disclose the Footage to law enforcement authorities, government officials, and/or third parties” based on Flock’s “good faith belief” that such action is “reasonably necessary.” This provision survives contract termination under Section 7.3.

Records requested:

- 1. All notifications from Flock Safety to SMPD regarding any access, use, preservation, or disclosure of SMPD Footage (as defined in MSA § 1.10), including any ALPR information (as defined in Civil Code § 1798.90.5), to law enforcement authorities, government officials, or third parties pursuant to Section 5.3.*
- 2. All SMPD records documenting, reviewing, or tracking any disclosures by Flock Safety under Section 5.3.*
- 3. Any communications between SMPD and Flock Safety regarding the scope, applicability, or exercise of Section 5.3 — including any review conducted following Attorney General Bulletin 2023-DLE-06 (October 27, 2023), which directed law enforcement agencies to review vendor agreements for provisions allowing access beyond California public agencies.*
- 4. Any analysis, memorandum, legal review, or correspondence assessing whether Section 5.3 — which applies to “Footage” as defined in the contract, including but not limited to ALPR information — is consistent with Civil Code § 1798.90.55(b), which prohibits sharing ALPR information except to California public agencies.*
- 5. Any request from SMPD to Flock Safety for a log, report, or accounting of disclosures made under Section 5.3, and any response received. Also, any disclosure log, report, or accounting provided by Flock Safety to SMPD, whether pursuant to a request or proactively.*
- 6. Any policy, procedure, or system documentation describing how SMPD monitors or tracks vendor-initiated disclosures under Section 5.3.*

I request responsive records in electronic format where available. If no records are located for any individual item, please respond to that item separately and continue processing the remaining items. Please contact me if clarification would help narrow or expedite this request.

As you are aware, our department is working to release records on a rolling basis to show a good faith and diligent effort to complete your request. Following an extensive review with the City’s legal team of all open requests submitted by you, the

City has determined that this request is encompassed by an ongoing review of records under W012462-040226.

Moving forward, this request is being processed under #W012462-042226 and will be provided to you on a continuing rolling basis. The City's system does not categorize or organize records into discrete batches based on the request's specified criteria. Instead, records are processed and uploaded in a non-sequential, system-generated order. The City will continue to produce responsive records on a rolling basis in the manner permitted by its system and will be submitted under #W012462-042226.

The City has completed its response to your request and now considers this record request W012297-030826 closed.

If you have any questions, please contact me using the below contact information.

Captain Maravillas,

Thank you for the rolling release on 4/22. The files are interesting reads and informative in their own right -- but I want to flag that the batch produced to date does not appear to reach the records described in W012297-030826, and use this message to focus the request on what I think is the core question.

The emails produced are Flock platform notifications about portal-mediated sharing between Flock customers - for example:

- "Home Depot - #0654 (CA) shared Flock cameras with you!" (an outside org sharing its cameras with SMPD)
- "Camera Access Request from US Postal Inspection Service" (an outside agency requesting access to SMPD's cameras, routed through the portal for SMPD to accept or reject)
- "Action Requested: Pending Flock Camera Share Requests" (digest reminders to approve pending portal requests)

In each of the responses produced, SMPD (or the other Flock customer) remains the footage owner and controls whether access is granted through the portal UI. That is normal portal activity, not a disclosure under Section 5.3 of San Mateo's contract with Flock.

Section 5.3 addresses a different situation: Flock Group Inc., as vendor, independently accessing, using, preserving, or disclosing SMPD Footage to law enforcement authorities, government officials, or third parties based on Flock's own "good faith belief" that such action is reasonably necessary -- without SMPD's approval or involvement. This concern is not hypothetical. Reporting over the past year has documented instances of Flock making customer ALPR data available to federal agencies, including ICE, outside of any explicit sharing agreement executed by the customer agency. Section 5.3 is the contractual provision that would authorize that

kind of disclosure using SMPD-owned Footage, and such disclosures would not surface in the portal sharing workflow or in the monthly sharing-configuration audit memos.

With that in mind, I'd like to ask for a direct response to Item 6 of the original request:

"Any policy, procedure, or system documentation describing how SMPD monitors or tracks vendor-initiated disclosures under Section 5.3."

Specifically -- does any record exist, of any kind, that describes a mechanism by which the City would become aware of a Section 5.3 disclosure? That could include contract provisions, addenda, policies, procedures, system configurations, standing requests to Flock, transparency reporting cadences, or internal procedures for reviewing vendor-initiated disclosures. If the answer is "no responsive records," a direct statement to that effect -- in response to Item 6 specifically -- would resolve this item. If records do exist, I would ask that they be produced.

The remaining items (1, 2, 3, 5) likely turn on the answer to Item 6: if no mechanism exists by which the City learns of Section 5.3 disclosures, then the absence of notifications, tracking records, and accounting logs is the expected result.

Thanks,
Brian

Dear Brian C,

The City received the following records request from you on March 08, 2026.

Pursuant to the California Public Records Act (Government Code § 7920 et seq.), I am requesting the following records related to Section 5.3 of the Master Services Agreement between the City of San Mateo and Flock Group Inc., executed August 25, 2023.

Section 5.3 authorizes Flock Safety to “access, use, preserve and/or disclose the Footage to law enforcement authorities, government officials, and/or third parties” based on Flock’s “good faith belief” that such action is “reasonably necessary.” This provision survives contract termination under Section 7.3.

Records requested:

- 1. - 2. All SMPD records documenting, reviewing, or tracking any disclosures by Flock Safety under Section 5.3.*

3. Any communications between SMPD and Flock Safety regarding the scope, applicability, or exercise of Section 5.3 — including any review conducted following Attorney General Bulletin 2023-DLE-06 (October 27, 2023), which directed law enforcement agencies to review vendor agreements for provisions allowing access beyond California public agencies.
4. Any analysis, memorandum, legal review, or correspondence assessing whether Section 5.3 — which applies to “Footage” as defined in the contract, including but not limited to ALPR information — is consistent with Civil Code § 1798.90.55(b), which prohibits sharing ALPR information except to California public agencies.
5. Any request from SMPD to Flock Safety for a log, report, or accounting of disclosures made under Section 5.3, and any response received. Also, any disclosure log, report, or accounting provided by Flock Safety to SMPD, whether pursuant to a request or proactively.
6. Any policy, procedure, or system documentation describing how SMPD monitors or tracks vendor-initiated disclosures under Section 5.3.

I request responsive records in electronic format where available. If no records are located for any individual item, please respond to that item separately and continue processing the remaining items. Please contact me if clarification would help narrow or expedite this request.

As you are aware, we are releasing records on a rolling basis to show a good faith and diligent effort to complete your request. The next batch of records has been released and made available on the San Mateo Records Request Portal. You will be receiving more batches of responsive records in the future. 6. Any policy, procedure, or system documentation describing how SMPD monitors or tracks vendor-initiated disclosures under Section 5.3.

I request responsive records in electronic format where available. If no records are located for any individual item, please respond to that item separately and continue processing the remaining items. Please contact me if clarification would help narrow or expedite this request.

We are reaching out to inform you that a legal review of your request was completed by our City Attorney’s office, in accordance with Government Code § 7922.525(b). During this review, it was determined that a portion of the records you have requested are exempt from disclosure as determined by the following Public Records Act exemptions:

Your request for documents related to legal review has been denied. California Government Code section 7927.705 exempts records protected by privileges under the Evidence Code. This includes attorney-client privileged communications pursuant to California Evidence Code section 954.

The remainder of your request requires a lengthy email query and will be released on a rolling basis; we will advise when the response is considered complete.

If you have any questions, please reply to this message.
