No problema:
We searched *all* mailboxes with this query:
(Date<2026-10-16) AND (“r3230055” OR “r3-23-0055”)

The tool we use is in the Microsoft Office suite: Microsoft Purview. That's also where searches are recorded. The stats were 39 total matches in 13 locations.

Regards,

Steve Engle
