Subject: California Public Records Request :: W013744-102626
Body:
RE: PUBLIC RECORDS REQUEST of October 26, 2026, **Reference # W013744-102626**

Dear Brian C,

The City received the following records request from you on October 26, 2026.

Under the California Public Records Act, I request records concerning the Department's handling of my requests W013534-092926 and W013609-100926.

As you are aware, the City's October 19, 2026 notice on W013609-100926 took a 14-day extension under Gov. Code § 7922.535(c), citing the "[n]eed for consultation, which shall be conducted with practicable speed, with another agency having substantial interest in the determination of the request or among two or more components of the agency having substantial subject matter interest." The Department's October 23, 2026 response letter on that request states that responsive records "were identified during our communications query."

Please provide the following, for September 29, 2026 through the date of this request:

1. All communications between any City or Department employee and any person or entity outside the City of San Mateo concerning W013534-092926 or W013609-100926, or concerning any request for or disclosure of records relating to case number R3-23-0055. This includes emails and their attachments, letters, text messages, chat or messaging-app messages, and any note or calendar entry of a call or meeting, on City accounts and devices and on any personal account or device used to conduct City business (City of San Jose v. Superior Court (2017) 2 Cal.5th 608). For the message search, I'd ask that "W013534", "W013609", "R3-23-0055" and "R3230055" be used as search terms in the accounts of each employee who processed either request or took part in the consultation described in the October 19 notice. The notice did not say whether the consultation was with another agency or among components of the Department. A "no responsive records" response to this item would mean either that the consultation was only among Department components, or that a consultation with another agency left no written record.

2. Any record that identifies the agency or Department components consulted under the October 19 notice, the date or dates of that consultation, or any position, objection or request the Department received from a consulted agency about either request.

3. The GovQA request activity history ("Audit History") for W013534-092926 and W013609-100926, including staff notes, assignments, routing and FYI notifications, due-date and extension entries, and document actions, in the same format the City produced for 30 requests under W012790-052526.

4. The record of the "communications query" referred to in the October 23, 2026 letter: any search report, collection log or query record showing the accounts or mailboxes searched, the search terms, the date range, and the number of items returned, from whatever system was used to run it.

If any portion of these records is withheld, I'd ask that it be marked in place, field by field, with the exemption relied on for that portion, so the remainder can be released (Gov. Code §§ 7922.525(b), 7922.540). If a responsive record is withheld in full, I'd ask that the response say so and name the exemption relied on for it. If the Department's position is that a responsive record is held by another agency rather than the City, please say so for that record.

This request concerns the handling of two specific requests. It is separate from W013534-092926, W013609-100926 and any other pending request, including any rolling production of monthly audit logs, and I'd ask that it be handled on its own.

Thank you,

Brian

We have made a good faith and diligent effort to complete your request, in which responsive records have been collected. These records are available on the San Mateo Records Request Portal. Select the link below to view.

The City has completed its response to your request and now considers this record request **W013744-102626** closed.

If you have any questions, please contact me using the below contact information.

Sincerely,

Kelly O'Keefe
