Ms. O'Keefe,

In the records released under W013439-091426 on September 24, the file Incident_2503280193_Redacted.pdf redacts the caller's name, address, and telephone number, but the Persons section of the same report shows an individual's full name, date of birth, and driver's license number unredacted. That appears inconsistent with the redactions elsewhere on the page. I have not published or shared the file.

Could the Department provide a copy with those Persons-section identifiers redacted? No other change to the record is requested.

Brian

RE: PUBLIC RECORDS REQUEST of September 14, 2026, **Reference # W013439-091426**

Dear Brian C,

The City received the following records request from you on September 14, 2026.

Public Records Request — CAD, case, and ALPR search records

Pursuant to the California Public Records Act (Gov. Code § 7920.000 et seq.), I request the following records from the San Mateo Police Department. This request seeks existing records only (Gov. Code § 7922.530; Sierra Club v. Superior Court (2013) 57 Cal.4th 157).

As you are aware, Department policy and directives to personnel require that every Automated License Plate Reader (ALPR) search be documented with a case number, incident number, warrant number, or equivalent identifying information.

Records requested, for each of the following CAD/incident numbers — 202504040004 (4/4/2025); 202512050234 (12/5/2025); 202503280193 (3/28/2025):

(1) The CAD event chronology, unit history, or dispatch log for the call — i.e., the time-stamped record of unit assignment, status changes, and dispatcher/radio-traffic notations.

(2) The incident report, case report, or other record documenting the substance of the call, including any RMS case or report number assigned and the disposition of the call.

(3) Separately, any record, log entry, or data maintained by or through the Department's Flock Safety automated license plate reader system corresponding to each of the following search IDs: 713463c2-2467-4ba9-bd48-f9e44ad566b8; 9a044c08-ca5c-42a0-ab57-7fef5d1ebfcf; 483f0860-be2a-4545-80b0-843c9f56e0a4; 35a01596-bdc4-4b37-8a31-4572d0df518d; 132ae7ec-4200-434f-97c0-6a2839f3d292; cef01a4a-73e4-4d00-8438-e4f385e0a4d3; c96f0793-a05e-4141-b008-c6cdbc985d74; ac8a329b-6185-4b39-ab6f-09ba5e966173; dfcee44c-f45b-4ee6-9f22-ec4561b674aa; b1737ddf-aebb-4e71-8051-116077102f56; e5b24473-cc29-4c6f-a8cc-45bfb3262e73; b817a938-d763-481e-93c0-447f1ca54e16; daa2626b-8e24-4342-b603-694eebd2b7be.

If any record responsive to Item 1, 2, or 3 is withheld in whole or in part, please provide an index entry identifying the record (by identifying number and record type) and the specific exemption asserted, including, where Gov. Code section 7923.600 is asserted, whether the investigation to which the record relates is active or closed.

If no records are located for any individual item, please respond to that item separately and continue processing the remaining items.

Anticipated exemption issues:

Gov. Code section 7923.600 — a blanket assertion that this exemption applies is inconsistent with the statute's requirement that it be applied on an individualized, not categorical, basis, particularly where Items 1 and 2 establish that a given incident did not result in an investigation.

Item 1 is not equivalent to Item 2 — a CAD chronology or dispatch log, the automatically time-stamped record of unit assignment and status changes, is an operational dispatch record, not investigative narrative content; even where the Department declines to produce a narrative report under section 7923.600, that basis does not extend automatically to the CAD chronology of the same call.

Segregability (Gov. Code section 7922.525(b)) — any reasonably segregable, non-exempt portion of a withheld record must be produced.

Brian
