Oakland CA PD Transparency Portal

Last updated: Mon Nov 09 2026

Overview

The Oakland Police Department utilizes Flock Safety technology to capture and use digital evidence from automated license plate reader (ALPR) cameras, in addition to employing real-time alerts and hotlists of vehicles, to help investigate and prevent crime.

The Oakland Police Department also recognizes the established privacy rights of the public and this portal aims to provide transparency to the community as it relates to how OPD uses this technology.
