			W012461-040226. I'd like to clarify the response to Items 3 and 4. The four audit memoranda produced appear to be Policy 463.10 audits responsive to Items 1 and 2. Item 3 requested records produced under SOP 205.5.1, which establishes requirements distinct from Policy 463.10 in reporting chain, scope, platforms, and audit criteria. Reporting chain: SOP 205.5.1 requires quarterly audit results submitted to the Support Services Captain. All four memoranda are addressed to the Chief of Police. No submission to the Support Services Captain was produced. Platform scope: SOP 205.5.1 requires operator audits of all ALPR platforms. All four memoranda review Flock only. SOP 205 names four additional platforms (Vigilant, BOSS, PIPS, NCRIC). The department has stated it no longer uses Vigilant, BOSS, or PIPS [W012129-020926]. However, an operator audit of these platforms should confirm they remain decommissioned and that no SMPD data persists in them. Additionally, SMPD maintains a Memorandum of Understanding with NCRIC [W012376-032026] and actively shares ALPR data with NCRIC via the Flock platform â€œ NCRIC is not a decommissioned platform. SOP 205 has not been amended to reflect changes in platform usage â€œ the requirement as written covers all five. Operator audit criteria: SOP 205.5.1 operator audits are quarterly. The four memoranda are monthly. The memoranda review sharing configuration (data sharing limited to California agencies, "Revoke Out-of-State Sharing" setting selected). SOP 205.5.1 does not specify sharing configuration review as an operator audit criterion. End-user audit criteria: SOP 205.5.1 requires quarterly end-user audits including review of search justifications and case number entries. The March 2026 memorandum references "search reasons" and "entries not in compliance with Lexipol Policy 463" but does not describe: (a) how search justifications were evaluated, (b) whether case number entries were reviewed, (c) what compliance criteria were applied, (d) how many searches were reviewed, (e) whether any non-compliant entries were identified, or (f) what corrective actions, if any, resulted. The earlier memoranda (December 2025, January 2026, February 2026) do not reference search activity at all. NCRIC end-user audits: Item 4 returned "No responsive records." SMPD maintains a Memorandum of Understanding with NCRIC [W012376-032026] and shares ALPR data with NCRIC via the Flock platform. NCRIC appears on SMPD's Flock sharing list and itself shares with 318 organizations â€œ including private institutions that do not qualify as public agencies under Â§ 1798.90.5(f). SOP 205.5.1 requires quarterly end-user audits of NCRIC specifically, including review of search justifications and case number entries. No audit of NCRIC's use of SMPD ALPR data â€œ whether accessed
