RE: PUBLIC RECORDS REQUEST of August 16, 2026, **Reference # W013253-081626**

Dear Brian C,

The City received the following records request from you on August 16, 2026.

Pursuant to the California Public Records Act (Gov. Code § 6250 et seq.), I request the following:

1. A list of any Flock Safety devices installed, activated, replaced, relocated, decommissioned, or taken offline since February 1, 2026, including for each device: the location (for relocations, both the prior and new location), device type or model/product designation, whether the device has ALPR capability, the date of the change, and any records documenting the reason for the change.

2. All invoices, purchase orders, order forms, quotes, contract amendments, or other purchase or payment records between Flock Safety and the City of San Mateo dated on or after February 1, 2026, including any installation fees or charges for devices or services beyond the Master Services Agreement and Amendment No. 1.

3. A current list of all Flock Safety devices associated with the San Mateo Police Department, including for each device: location (address or intersection for fixed devices; designation as mobile/trailer-mounted if applicable), device type or model/product designation (e.g., Falcon, Condor, Picard, or other), whether the device has ALPR capability, ownership status (SMPD-owned, community camera, or other — please specify), and installation or activation date. Flock Camera Manager screenshots or a device-list export in the same form as the Department's February 26, 2026 production under W012201-022326 would be responsive.

4. As you are aware, the Department stated in February 2026 correspondence that two decommissioned devices would be deducted from the transparency site by Flock, and that cameras marked "in planning" were rejected locations that Flock was working to remove from the portal. I request all communications between the Department and Flock Safety since February 1, 2026 requesting additions, removals, or corrections to the device information displayed on the Department's transparency portal, and any records documenting when those changes were completed.

Please provide responsive records in electronic format where available.

As you are aware, we are releasing records on a rolling basis to show a good faith and diligent effort to complete your request (Item 4). A good faith and diligent search yielded no records responsive to your request. If any responsive records are located, we will further respond to your request with updates no later than 11/25/26.

If you have any questions, please contact me using the below contact information.

Sincerely,

Juliana Santiago

Thank you for your interest in public records of the City of San Mateo. Your request was received by the City of San Mateo on 8/16/2026 and given the reference number **W013253-081626** for tracking purposes.

Record(s) Requested: **Pursuant to the California Public Records Act (Gov. Code § 6250 et seq.), I request the following:**

1. A list of any Flock Safety devices installed, activated, replaced, relocated, decommissioned, or taken offline since February 1, 2026, including for each device: the location (for relocations, both the prior and new location), device type or model/product designation, whether the device has ALPR capability, the date of the change, and any records documenting the reason for the change.

2. All invoices, purchase orders, order forms, quotes, contract amendments, or other purchase or payment records between Flock Safety and the City of San Mateo dated on or after February 1, 2026, including any installation fees or charges for devices or services beyond the Master Services Agreement and Amendment No. 1.

3. A current list of all Flock Safety devices associated with the San Mateo Police Department, including

for each device: location (address or intersection for fixed devices; designation as mobile/trailer-mounted if applicable), device type or model/product designation (e.g., Falcon, Condor, Picard, or other), whether the device has ALPR capability, ownership status (SMPD-owned, community camera, or other — please specify), and installation or activation date. Flock Camera Manager screenshots or a device-list export in the same form as the Department's February 26, 2026 production under W012201-022326 would be responsive.

4. As you are aware, the Department stated in February 2026 correspondence that two decommissioned devices would be deducted from the transparency site by Flock, and that cameras marked "in planning" were rejected locations that Flock was working to remove from the portal. I request all communications between the Department and Flock Safety since February 1, 2026 requesting additions, removals, or corrections to the device information displayed on the Department's transparency portal, and any records documenting when those changes were completed.

Please provide responsive records in electronic format where available.

The request is being forwarded to appropriate department(s) for processing.

Monitor request progress at the link below. The City will email you when the request is complete. Thank you for using the San Mateo Records Center.

To monitor the progress or update this request please log into the San Mateo Records Center.
