ALAMEDA COUNTY SHERIFF'S OFFICE

AXON RENEWAL

STRENGTHENING PUBLIC SAFETY TECHNOLOGY AND OPERATIONS

BACKGROUND:

THE ALAMEDA COUNTY SHERIFF'S OFFICE FIRST IMPLEMENTED BODY-WORN CAMERAS IN 2012. IN 2017, FOLLOWING AN EXTENSIVE EVALUATION AND TESTING PROCESS, THE AGENCY SELECTED AXON AS ITS BODY-WORN CAMERA PROVIDER AND EQUIPPED ALL SWORN PERSONNEL WITH CAMERAS.

AS PART OF ITS ONGOING COMMITMENT TO SAFETY, ACCOUNTABILITY, TRANSPARENCY, AND EFFECTIVE PUBLIC SERVICE, THE AGENCY HAS EVALUATED OPPORTUNITIES TO EXPAND ITS USE OF THE AXON ECOSYSTEM TO IMPROVE EVIDENCE MANAGEMENT, ENHANCE OPERATIONAL EFFICIENCY, SUPPORT OFFICER AND COMMUNITY SAFETY, AND STRENGTHEN SERVICE TO THE COMMUNITIES WE SERVE.

CURRENT IMPLEMENTATION:

- OFFICER SAFETY PROGRAM
  - TASER 7 / BODY WORN CAMERA / EVIDENCE.COM STORAGE
- VIRTUAL REALITY TRAINING - BASIC
- AXON STANDARDS
- BODY CAMERA MAPPING/LOCATIONS
- PREPARED 911 – ASSISTIVE CALL TAKING
- 37 TB THIRD PARTY DATA STORAGE

- CURRENT CONTRACT ENDS AUGUST 2027

PROPOSED RENEWAL:

- OFFICER SAFETY PROGRAM

  TASER 10 / BODY WORN CAMERA WITH CONNECTED FEATURES INCLUDING AXON ASSISTANT, LIVESTREAMING, AND POLICY RESOURCES / EVIDENCE.COM STORAGE
- VIRTUAL REALITY TRAINING – FULL SUITE
- AXON STANDARDS
- BODY CAMERA MAPPING/LOCATIONS
- PREPARED 911 – ASSISTIVE CALL TAKING, ASSISTIVE DISPATCH, AUTOMATED Q&A, NON-EMERGENCY TRIAGE
- FLEET 3 IN-CAR VIDEO
- POLICY CHAT
- FUSUS REAL TIME INFORMATION CENTER
- DRAFT ONE AI ASSISTED REPORTING
- REDACTION ASSISTANT
- INCREASE THIRD-PARTY STORAGE FROM 37 TB TO 130 TB

TASER 7 TO TASER 10:

THE TASER 10 REPRESENTS THE NEXT GENERATION OF THE AGENCY'S LESS-LETHAL ENERGY WEAPON PLATFORM, PROVIDING GREATER RANGE, MORE DEPLOYMENT OPPORTUNITIES, AND INCREASED FLEXIBILITY COMPARED WITH THE TASER 7.

TASER 7

- MAXIMUM RANGE OF APPROXIMATELY 25 FEET
- TWO CARTRIDGES / UP TO 4 DEPLOYED PROBES
- PROBE SPREAD LARGELY DETERMINED BY CARTRIDGE AND DISTANCE

TASER 10

- MAXIMUM RANGE OF 45 FEET
- UP TO 10 INDIVIDUALLY TARGETED PROBES
- INDIVIDUAL PROBE DEPLOYMENT ALLOWS THE USER TO ESTABLISH THE APPROPRIATE PROBE SPREAD
- ADDITIONAL PROBES PROVIDE OPPORTUNITIES TO CORRECT AN INEFFECTIVE OR MISSED DEPLOYMENT WITHOUT RELOADING
- AUDIBLE AND VISUAL WARNING ALERT PROVIDES AN ADDITIONAL OPPORTUNITY TO SEEK COMPLIANCE WITHOUT DEPLOYING PROBES
- DESIGNED TO PROVIDE OFFICERS ADDITIONAL TIME AND DISTANCE DURING CRITICAL INCIDENTS

SOURCE: AXON

BECAUSE OF THESE CAPABILITIES, TASER 10 CAN BE USED EFFECTIVELY IN A BROADER RANGE OF SITUATIONS, DECREASING THE LIKELIHOOD OF NEEDING ANOTHER, POTENTIALLY MORE DAMAGING FORCE OPTION.

ENHANCED VR TRAINING:

INCORPORATING VIRTUAL REALITY TRAINING PROVIDES OPPORTUNITIES FOR READINESS AND REMEDIATION, HELPING PERSONNEL PRACTICE SAFER DE-ESCALATION AND ACHIEVE POSITIVE OUTCOMES FOR THE COMMUNITY.

MORE FREQUENT TRAINING

SHORT, REPEATABLE TRAINING SESSIONS CAN REINFORCE CRITICAL SKILLS THROUGHOUT THE YEAR RATHER THAN RELYING SOLELY ON PERIODIC CLASSROOM OR RANGE TRAINING.

DE-ESCALATION & DECISION-MAKING

INTERACTIVE SCENARIOS ALLOW PERSONNEL TO PRACTICE COMMUNICATION, THREAT ASSESSMENT, PROPORTIONAL RESPONSE, AND USE-OF-FORCE DECISION-MAKING IN REALISTIC SITUATIONS.

TASER 10 SKILLS DEVELOPMENT

PERSONNEL CAN REPEATEDLY PRACTICE DEPLOYMENT, PROBE PLACEMENT, DISTANCE, INCOMPLETE CONNECTIONS, AND TRANSITIONS WITHOUT CONSUMING LIVE TRAINING CARTRIDGES.

FIREARMS & WEAPON TRANSITIONS

SUPPORTS HANDGUN, RIFLE, AND TASER TRAINING, INCLUDING TRANSITIONS BETWEEN LESS-LETHAL AND LETHAL-FORCE OPTIONS.

CUSTOMIZABLE TRAINING

INSTRUCTORS CAN CONFIGURE DRILLS AND SCENARIOS TO ADDRESS AGENCY TRAINING PRIORITIES OR INDIVIDUAL PERFORMANCE NEEDS.

TEAM-BASED SCENARIOS

NEW CAPABILITIES ALLOW MULTIPLE PERSONNEL TO TRAIN TOGETHER IN DYNAMIC ENVIRONMENTS EMPHASIZING COMMUNICATION, MOVEMENT, COORDINATION, AND DECISION-MAKING.

SOURCE: AXON

REPEATABLE WITHOUT CONSUMABLE COSTS

SCENARIOS AND SKILLS EXERCISES CAN BE RUN REPEATEDLY WITHOUT EXPENDING AMMUNITION, TASER CARTRIDGES, TARGETS, OR OTHER CONSUMABLE TRAINING MATERIALS, ALLOWING PERSONNEL TO PRACTICE THE SAME EVENT MULTIPLE TIMES.

AXON FLEET:

TRANSPARENCY & ACCOUNTABILITY

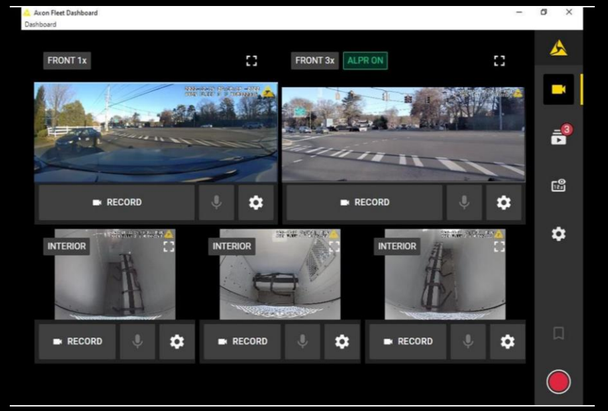

LIABILITY PROTECTION

PRISONER TRANSPORTATION

PURSUITS & EMERGENCY DRIVING

AUTOMATIC RECORDING

INTEGRATED EVIDENCE MANAGEMENT

SOURCE: AXON

ANY AUTOMATED LICENSE PLATE RECOGNITION (ALPR) CAPABILITY AVAILABLE THROUGH THE AXON FLEET PLATFORM WILL REMAIN DISABLED AND WILL NOT BE UTILIZED. THE ACSO IS CURRENTLY CONDUCTING A COMPREHENSIVE EVALUATION AND PROCUREMENT PROCESS FOR ALPR TECHNOLOGY.

FUSUS REAL-TIME INFORMATION:

REAL-TIME SITUATIONAL AWARENESS

IMPROVED INCIDENT RESPONSE

SUPERVISOR & COMMAND OVERSIGHT

COMMUNITY CAMERA INTEGRATION

CORRECTIONAL SAFETY

PROTECTION OF THE INCARCERATED POPULATION

STAFF SAFETY & COORDINATION

DRAFT ONE:

MORE TIME FOR COMMUNITY ENGAGEMENT

BY REDUCING THE TIME PERSONNEL SPEND DRAFTING ROUTINE REPORT NARRATIVES, DRAFT ONE CAN HELP RETURN VALUABLE TIME TO THE FIELD, ALLOWING DEPUTIES TO REMAIN MORE AVAILABLE FOR CALLS FOR SERVICE, PROBLEM-SOLVING, AND MEANINGFUL INTERACTION WITH THE COMMUNITIES THEY SERVE.

DEPUTY REMAINS RESPONSIBLE

EVERY NARRATIVE MUST BE REVIEWED, CORRECTED, AND AFFIRMATIVELY APPROVED BY THE DEPUTY. IMPORTANT INFORMATION LIKE OBSERVATIONS AND DECISIONS ARE PURPOSELY LEFT TO BE COMPLETED BY THE DEPUTY, WHO REMAINS RESPONSIBLE FOR THE ACCURACY OF THE FINAL REPORT.

EVIDENCE-BASED DRAFTING

DRAFTS ARE GENERATED PRIMARILY FROM THE RECORDED AUDIO AND TRANSCRIPT OF THE INCIDENT.

HUMAN REVIEW IS REQUIRED

DRAFT ONE CANNOT INDEPENDENTLY SUBMIT A REPORT. PERSONNEL MUST REVIEW THE NARRATIVE AND PROVIDE REQUIRED INFORMATION.

TRANSPARENCY & AUDITABILITY

DRAFT ONE IS RECORDED IN AN AUDIT TRAIL, DOCUMENTING WHEN THE TOOL WAS USED, BY WHOM, AND THE EVIDENCE ASSOCIATED WITH THE DRAFT.

CONSISTENCY & REPORT QUALITY

THE TECHNOLOGY CAN ASSIST WITH ORGANIZATION, GRAMMAR, TERMINOLOGY, AND CONSISTENCY.

SOURCE: AXON

SUPPORTS EXISTING REVIEW PROCESSES

AI ASSISTANCE DOES NOT REPLACE SUPERVISORY REVIEW, INVESTIGATIVE REVIEW, EVIDENCE REVIEW, OR OTHER EXISTING QUALITY-CONTROL AND ACCOUNTABILITY REQUIREMENTS.

CJIS SECURITY COMPLIANT

AXON ASSISTANT:

AXON ASSISTANT PROVIDES REAL-TIME, TWO-WAY VOICE TRANSLATION DIRECTLY THROUGH THE AXON BODY 4 CAMERA, HELPING PERSONNEL COMMUNICATE MORE EFFECTIVELY WITH COMMUNITY MEMBERS WHO SPEAK DIFFERENT LANGUAGES.

IMPROVED COMMUNITY ACCESS

SUPPORTS COMMUNICATION WITH INDIVIDUALS WHO MAY OTHERWISE EXPERIENCE LANGUAGE BARRIERS DURING CALLS FOR SERVICE, TRAFFIC STOPS, INVESTIGATIONS, AND OTHER PUBLIC CONTACTS.

TWO-WAY COMMUNICATION

TRANSLATES BOTH THE DEPUTY'S SPEECH AND THE COMMUNITY MEMBER'S RESPONSE, ALLOWING FOR A MORE NATURAL EXCHANGE WITHOUT RELYING SOLELY ON A SEPARATE DEVICE.

TRANSPARENCY & REVIEW

TRANSLATION INTERACTIONS ARE CAPTURED AS PART OF THE BODY-WORN CAMERA RECORDING AND TRANSCRIPT, ALLOWING LATER REVIEW AND VERIFICATION.

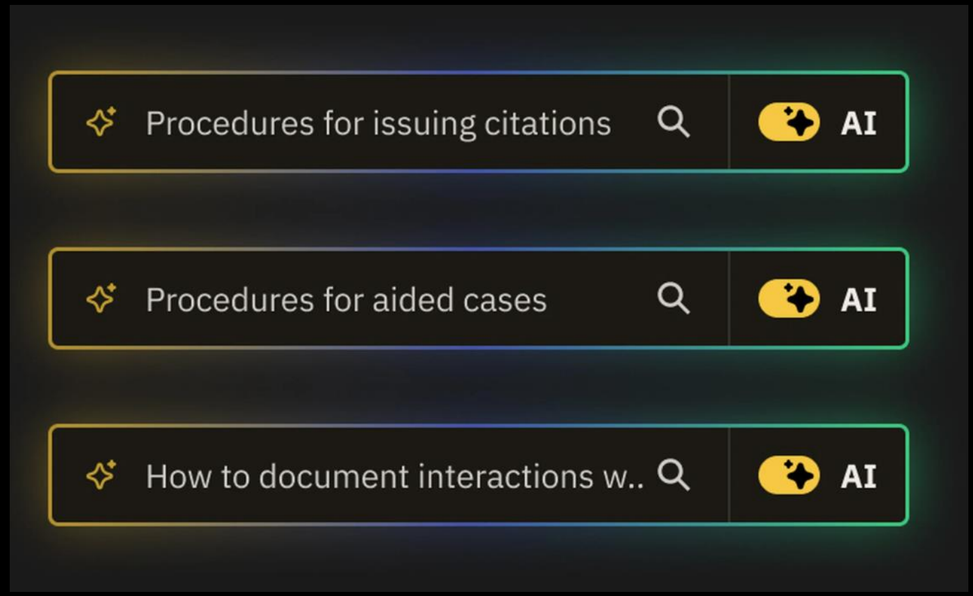

SUPPLEMENTAL TOOL

REAL-TIME TRANSLATION CAN ASSIST WITH ROUTINE FIELD COMMUNICATION BUT DOES NOT REPLACE CERTIFIED INTERPRETERS WHEN FORMAL OR LEGALLY REQUIRED INTERPRETATION IS NECESSARY.

POLICY CHAT:

POLICY GUIDANCE IN THE MOMENT, NOT IN THE REVIEW AFTERWARD

- DEPUTIES CAN CHECK CURRENT DEPARTMENT POLICY IN SECONDS, IN THE FIELD, BEFORE THEY ACT
- WHEN POLICY CHANGES, THE CHANGE REACHES THE FIELD IMMEDIATELY RATHER THAN WAITING FOR THE NEXT TRAINING CYCLE
- THE SAME RULES ARE APPLIED CONSISTENTLY ACROSS EVERY SHIFT, EVERY DISTRICT, AND EVERY DEPUTY

BODY WORN CAMERA LIVESTREAMING:

THE PROPOSED RENEWAL INCLUDES LIVE-STREAMING CAPABILITY FROM AXON BODY-WORN CAMERAS, ALLOWING AUTHORIZED PERSONNEL TO VIEW AN ACTIVE CAMERA FEED DURING DEVELOPING INCIDENTS WHEN APPROPRIATE.

DEPUTY-INITIATED USE

DEPUTIES MAY INITIATE LIVE STREAMING WHEN CIRCUMSTANCES WARRANT, SUCH AS A CONTENTIOUS ENCOUNTER, AN ALLEGATION BEING MADE AGAINST THE DEPUTY, OR WHEN SUPERVISORY ASSISTANCE IS REQUESTED.

SUPERVISOR-INITIATED USE

AUTHORIZED SUPERVISORS OR MANAGERS MAY ALSO INITIATE A LIVE STREAM WHEN OPERATIONALLY APPROPRIATE*

REAL-TIME SITUATIONAL AWARENESS

PROVIDES SUPERVISORS WITH A DIRECT VIEW OF DEVELOPING EVENTS, HELPING THEM BETTER UNDERSTAND CONDITIONS AND PROVIDE TIMELY GUIDANCE OR RESOURCES.

ACCOUNTABILITY & TRANSPARENCY

CAN PROVIDE AN ADDITIONAL REAL-TIME PERSPECTIVE DURING SENSITIVE OR DISPUTED ENCOUNTERS WHILE PRESERVING THE UNDERLYING BODY-WORN CAMERA RECORDING.

* ACTIVATION CRITERIA, PERMISSIONS, ACCESS CONTROLS, AND SUPERVISORY EXPECTATIONS WILL BE ESTABLISHED THROUGH THE AGENCY'S POLICY DEVELOPMENT AND IMPLEMENTATION PROCESS PRIOR TO DEPLOYMENT.

AXON PREPARED (PREPARED 911):

AXON PREPARED ENHANCES EMERGENCY COMMUNICATIONS BY PROVIDING CALL-TAKERS, DISPATCHERS, AND SUPERVISORS WITH REAL-TIME TOOLS THAT IMPROVE SITUATIONAL AWARENESS, REDUCE INFORMATION GAPS, AND HELP MOVE CRITICAL INFORMATION FROM THE CALLER TO RESPONDING PERSONNEL MORE QUICKLY.

AXON PREPARED · THE FULL SUITE (COMMUNICATIONS CENTER

Assistive Call Taking

Assistive Call-Taking helps call-takers work faster and more accurately with real-time transcription, translation, AI insights, and enhanced location tools—all on one screen and easily copied into CAD

Assistive Dispatch

Assistive Dispatch transcribes radio traffic in real time, creating a searchable, AI-summarized record with critical keywords flagged for faster monitoring and response.

Automated QA

Automated QA streamlines quality assurance by automatically evaluating every call against agency protocols, scoring performance, and providing supervisors with immediate insights.

Non-Emergency Triage

AI-powered Non-Emergency Triage reduces routine call volume by up to 60% while immediately routing emergency calls to a call-taker.

SOURCE: AXON

ADDITIONAL SERVICES:

TRANSCRIPTION SERVICES

REDACTION AI ASSISTANT

INCREASED THIRD PARTY DATA STORAGE (130 TB)

ENHANCED AUTO-RECORD FUNCTIONALITY INCLUDING SIGNAL SIDEARM

WHY 2026?:

PRESERVE CURRENT PRICING

AN EARLY RENEWAL ALLOWS THE AGENCY TO SECURE 2026 PRICING RATHER THAN ANTICIPATED 2027 PRICING, REDUCING THE PROJECTED FIVE-YEAR CONTRACT COST BY APPROXIMATELY 21.5%.

GREATER CONTRACT VALUE

EARLY RENEWAL INCREASES THE NEGOTIATED DISCOUNT AND CONTRACT CREDIT BY APPROXIMATELY 76% COMPARED WITH WAITING UNTIL THE NEXT PRICING CYCLE.

NO ACCELERATED PAYMENT

ALTHOUGH THE AGREEMENT WOULD BE RENEWED EARLY, THE FIRST PAYMENT WOULD NOT BE DUE UNTIL AUGUST 2027, CONSISTENT WITH THE TIMING OF THE CURRENT CONTRACT.

WHY 2026?:

ORDERLY TRANSITION

EARLY RENEWAL PROVIDES TIME TO IMPLEMENT NEW TECHNOLOGIES DELIBERATELY RATHER THAN WAITING UNTIL THE EXISTING AGREEMENT IS NEARING EXPIRATION.

TIME FOR POLICY & TRAINING

NEW CAPABILITIES WILL NOT NECESSARILY BE ACTIVATED IMMEDIATELY. FOR EXAMPLE, DRAFT ONE DEPLOYMENT IS PLANNED TO BE PHASED THROUGH AUGUST, ALLOWING TIME FOR POLICY DEVELOPMENT, EMPLOYEE TRAINING, AND IMPLEMENTATION OF APPROPRIATE SAFEGUARDS.

PROACTIVE CONTRACT MANAGEMENT

ADDRESSING THE AGREEMENT WELL BEFORE ITS AUGUST 2027 EXPIRATION PROVIDES SUFFICIENT TIME FOR REVIEW, DISCUSSION, IMPLEMENTATION PLANNING, AND AN ORDERLY TRANSITION.

ACSO - AXON PARTNERSHIP:

THE PROPOSED FIVE-YEAR AXON RENEWAL BUILDS ON EXISTING SYSTEMS TO STRENGTHEN SAFETY, ACCOUNTABILITY, AND COMMUNITY SERVICE.

SAFETY & TRAINING

EXPANDS LESS-LETHAL OPTIONS, REALISTIC TRAINING, AND ACCESS TO INFORMATION DURING EMERGENCIES.

ACCOUNTABILITY & DATA CONTROL

ADDS VIDEO DOCUMENTATION WHILE PRESERVING AGENCY OWNERSHIP AND CONTROL OF ITS DATA.

COMMUNITY SERVICE & EMPLOYEE WELLNESS

IMPROVES EMERGENCY COMMUNICATIONS AND LANGUAGE ACCESS WHILE REDUCING ADMINISTRATIVE WORKLOAD.

CONNECTED TECHNOLOGY

INTEGRATES CAMERAS, DISPATCH, AND EVIDENCE MANAGEMENT TO SUPPORT CURRENT AND FUTURE NEEDS.

RESPONSIBLE IMPLEMENTATION

PRESERVES FAVORABLE PRICING AND ALLOWS PHASED DEPLOYMENT WITH POLICY REVIEW, TRAINING, AND SAFEGUARDS, SUPPORTED BY STAKEHOLDER-INFORMED PRODUCT DEVELOPMENT.
