Brian C.

RE: Public Records Act Request #W013261-081726

Dear Brian:

In accordance with Government Code § 7922.525, a legal review of your request has been completed. Any redactions or exemptions cited in the Department's response have been reviewed and authorized by the signatory of this letter.

This letter responds to your California Public Records Act ("CPRA") request dated August 18, 2026, submitted under Reference No. W013261-081726, in which you requested the following records covering December 22, 2025, through the date of production:

1. Any written criteria, standards, or guidelines governing the approval, denial, periodic review, or termination of ALPR data-sharing relationships with California public agencies, beyond the text of Policy 463.8 itself — including any criteria applied in the 2026 changes to the Department's sharing list.

Department Response:

The Department has no responsive records.

2. Records of the decision reflected in the transparency portal on or about July 16, 2026, when the list of recipient agencies went from approximately 259 to none — including any memorandum, directive, instruction, or other record of the decision, its authorization, and the criterion applied.

Department Response:

The Department has no responsive records.

3. For each agency listed as a recipient as of the date this request is processed — as of August 17, 2026: Belmont Police Department, Brisbane Police Department, California Highway Patrol, Foster City Police Department, Palo Alto Police Department, and South San Francisco Police Department — the request record described in Policy 463.8(a) (the name of the agency, the name of the person requesting, and the intended purpose), and the

record of review and approval by the ALPR Committee Captain or the authorized designee described in Policy 463.8(b), whether the sharing relationship was newly created or reinstated.

Department Response:

Responsive records are attached to this request in the GovQA portal.

4. Records of the review, approval, or authorization of each other addition or removal of a recipient agency from the Department's sharing configuration during the covered period.

Department Response:

Responsive records applicable to this item are included with the records produced in response to Item 3. The Department has no additional responsive records.

5. The Flock platform event log for the Department's account, limited to networkShare and other sharing-configuration events (creation, modification, and deletion), for the covered period, in the native export format in which Flock provides it. This is the record type the Department obtained and produced under W012570-041926; this item seeks the same record type for the stated period and event scope.

Department Response:

On April 14, 2026 within request # W012541-041426 you requested the log for January 1, 2023 to April 14, 2026. On August 18, 2026 (separate from this request also received on August 18, 2026) within request #W013261-081826 you requested the log For December 22, 2025 to August 18, 2026. To consolidate these requests and avoid duplication we will amend your original request date range of your original request #W012541-041426 to include responsive records through August 18, 2026. Responsive records will be provided on a rolling basis as attachments to Request #W012541-041426.

Best Regards,

Kelly O'Keefe
Police Technical Services Administrator
