Myth vs. Fact

Tracy CA PD

Myth
Flock has been hacked.

Tulare County CA SO

Fact
Flock's cloud environment has never been breached. Flock invests in a strong security posture, including adhering to NDAA, SOC2 (Type II), ISO 27001, ISO 27018 FedRAMP 20x, and Higher Education Community Vendor Assessment Tool (HECVAT) compliance. Additional security precautions include Role-Based Access Controls, data encrypted at-rest and in-transit, required Multi-Factor Authentication, and regular penetration testing.

Upland CA PD

Vallejo CA PD

Myth
My data is fed into a national database.

Vernon CA PD

Fact
Each agency controls access to its own data. Agencies may choose to share information through a broader network, but nothing is shared automatically. Participation is opt-in, governed by defined agreements, and limited to lawful investigative purposes.

Myth
Flock sells and/or shares customer data.

Turlock CA PD

Fact
Your community owns 100% of your data and it will never be sold. Only your agency decides who to share your data with, not Flock. Flock Safety does not publicly release agency search data. Flock does not operate or support any public-facing searchable database of law enforcement lookups, and we do not provide license plate search histories to websites or third parties without the agency's knowledge and authorization. Other agencies who you share footage with have been responding to FOIA requests and sharing this search data.

Ventura CA PD

Myth
Flock cameras use facial recognition.

Visalia CA PD

Fact
Flock cameras do not use facial recognition technology. Searches are based on vehicle characteristics, and not identity. Flock cannot recognize, identify, or track individuals. It is purpose built for specific public safety investigations, not to monitor people.
