Subject: California Public Records Request :: W013393-090826

Body:

The Department has conducted a review of its redaction procedures in consideration of the information made publicly available through the Flock Safety Transparency Portal as well as the applicable Government Codes. As a result of that review, the Department has revised certain redaction practices applicable to the audit records being produced.

These revisions are intended to expand, rather than restrict, the information made available to the public. Accordingly, the Department will reissue previously produced audit records on a rolling basis on request #W012541-041426 beginning with the earliest production and proceeding chronologically.

The records previously produced in response to this request contained redactions made pursuant to the investigative records exemption under Government Code § 7923.600. Under the Department's prior redaction process, redacted portions of the records appeared as blank or white space rather than as visible black redaction blocks. This Government Code exemption was not cited with these individual releases, moving forward the Government Code exemptions will be cited along with the document.

The Department has revised its redaction process so that redacted information will appear as black blocks. Accordingly, pursuant to Government Code § 7922.580(c), the Department will continue to provide these records in PDF format to preserve the security and integrity of the redactions while providing access to all reasonably segregable, nonexempt responsive information and your current request for the following native files is denied under Government Code § 7922.580(c), but will be provided again in PDF format under request #W012541-041426. For item 2 there are no responsive records as the Department continues to maintain these documents.

Thank you,
Kelly O'Keefe

Thank you for your interest in public records of the City of San Mateo. Your request was received by the City of San Mateo on 9/8/2026 and given the reference number **W013393-090826** for tracking purposes.

Record(s) Requested: As you are aware, the Department has produced monthly ALPR search-audit records under W012541-041426 on a rolling basis since April 2026. On September 2, 2026, in its determination on W013308-082426, the Department stated that it was providing a responsive record "in PDF format rather than its native XLS format."

The releases made under W012541-041426 on April 28, May 11, May 21, June 3, June 17, July 1 and July 15, 2026 did not state that any information had been withheld or redacted from the records provided. On that basis, the native files listed below contain the same information the Department has already released in PDF form.

This request seeks the native electronic files identified below. Each is requested in the electronic format in which the Department holds it, and regardless of where it is stored — including local workstations, network drives, OneDrive or SharePoint, removable media, and email attachments.

1. The following twelve files, identified by name:

- l. 2_1_2026-2_28_2026-San Mateo CA PD-Audit (2)(in).csv

2. For any file listed in Item 1 that the Department no longer holds, the records documenting its disposition, including the retention schedule applied, any deletion or destruction log entry, and any preservation or litigation-hold notice that covered it.
