Subject: California Public Records Request :: W012597-042226

Body:

RE: PUBLIC RECORDS REQUEST of April 22, 2026, **Reference # W012597-042226**

Dear Brian C,

The City received the following records request from you on April 22, 2026.

The response to W012328-031226 (closed 3/16/26) returned "no responsive records" on Item 1 (internal communications containing "University of the Pacific" or "UOP," 1/1/26 – 3/12/26) and on Item 2 (agency removal records from SMPD's Flock sharing list, 2/18/26 – 3/12/26). The response added: "Removals from Flock are conducted within the platform at the discretion of the Lieutenant assigned to the ALPR Committee. There are no corresponding records." A follow-up answered: "I did not locate a log of this information in the Flock platform."

Subsequent production under W012297-030826 included a December 3, 2025 email from hello=flocksafety.com@mail.flocksafety.com to SValencia@cityofsanmateo.org titled "Action Requested: Pending Flock Camera Share Requests," which identifies University of the Pacific (request date 09-10-2025) among ten pending share requests to SMPD.

That email pre-dates the W012328 Item 1 window (1/1/26 forward) and may not have been within the original scope. Two observations follow:

- (a) The 12/3/25 email establishes that Flock sends SMPD named-agency add-event notifications via email. It follows that removal events — if Flock sends equivalent notifications — would also surface in SMPD inboxes. That contradicts the "no corresponding records" framing for the UOP removal.*
- (b) The "I did not locate a log of this information in the Flock platform" answer addresses only the Flock platform and does not address whether removal notifications arrived via email.*

Accordingly, I request:

- 1. All emails sent from or received by any SMPD email address, from September 1, 2025 to the present, containing "University of the Pacific" or "UOP" in the subject, body, to/from fields, or attachments. A 9/1/25 floor is reasonable because UOP's access request to SMPD was dated 09-10-2025.*

RESPONSE: Your original request for these records in #W012328-031226 sought emails within the time range of January 1, 2026 to March 12, 2026. Responsive emails sent and received regarding "University of the Pacific" or "UOP," beginning 9/1/2025, will be included in the broad email request W012462-040226.

- 2. All emails received by any SMPD email address from @flocksafety.com or @mail.flocksafety.com between February 18, 2026 and March 11, 2026 that notify or confirm an external agency's removal, revocation, access*

change, or termination on SMPD's share network — including emails with subject lines containing "removed," "revoked," "access revoked," "removed from sharing," "sharing terminated," or substantially similar content. This window corresponds to UOP's disappearance from SMPD's public Flock transparency portal.

RESPONSE: This request is being processed under #W012462-042226 and responsive records are being provided to you on a rolling basis.

3. A written description of the search methodology used to respond to W012328-031226 Items 1 and 2 — specifically, (a) whether the "University of the Pacific" / "UOP" keyword search covered SMPD Exchange/Outlook mailboxes, including Flock-originated mail from @flocksafety.com and @mail.flocksafety.com, and (b) whether any search for removal-notification emails was performed, and if so, the search terms and the mailboxes covered. If those mailboxes were not searched, please state the basis on which they were excluded.

RESPONSE: All records requested here are exempted under California Government Code section 7927.705 which exempts records protected by privileges under the Evidence Code. This includes attorney-client privileged communications pursuant to California Evidence Code section 954.

The records requested in categories 1 and 2 concern administrative configuration of SMPD's external-agency sharing network — specifically UOP's addition to the sharing list in September 2025, its publicly visible presence on the Flock transparency portal, and its removal between February 18 and March 11, 2026. Records of this kind are not records of a law-enforcement investigation within the meaning of Government Code § 7923.600; the subsequent production under W012297-030826 of Flock-originated access-request and sharing-confirmation emails without exemption confirms that categorization. Civil Code § 1798.90.55(b) restricts the sharing of ALPR information (plate reads, search results); it does not restrict disclosure of agency names, access-request dates, removal dates, permission types, or internal discussion about which agencies should appear on a public sharing list.

To the extent Item 1 surfaces emails that contain a mix of administrative content and material the city believes is exempt, Government Code § 7922.525(b) requires segregable production: the non-exempt portions — including at minimum the From, To, Date, and Subject fields — must be produced with the exempt portions redacted. Please do not apply a blanket exemption where segregation is available. For any record withheld in whole or in part, please identify the record individually by sender, recipient, date, and subject; cite the specific exemption asserted; and — where § 7923.600 is asserted — identify the investigation to which the record relates and whether that investigation is active or closed.

RESPONSE: In response to your request, the PRA does not require an agency to create a “privilege log,” or list, that identifies the specific records being withheld. The response only needs to identify the legal grounds for nondisclosure [*Haynie v. Superior Court*, supra, 26 Cal.4th at p. 1075].

If the city intends to produce any of these records under W012462-040226 (the broader rolling Flock-email request), please confirm in writing and identify the batch in which they will be produced.

RESPONSE: This request is being processed under #W012462-042226 and will be provided to you on a continuing rolling basis. The City's system does not categorize or organize records into discrete batches based on the request's specified criteria. Instead, records are processed and uploaded in a non-

sequential, system-generated order.

Due to this functionality, responsive records are being reviewed and produced in bulk as they become available, rather than grouped according to the categories identified in your request. As a result, the City is unable to identify or designate particular batches as corresponding to specific categories.

The City will continue to produce responsive records on a rolling basis in the manner permitted by its system and will be submitted under #W012462-042226.

The City has completed its response to your request and now considers this record request **W012597-042226** closed.

If you have any questions, please contact me using the below contact information.

Sincerely,

Jennifer Maravillas

Thank you for your interest in public records of the City of San Mateo. Your request was received by the City of San Mateo on 4/22/2026 and given the reference number **W012597-042226** for tracking purposes.

Record(s) Requested: **The response to W012328-031226 (closed 3/16/26) returned "no responsive records" on Item 1 (internal communications containing "University of the Pacific" or "UOP," 1/1/26 – 3/12/26) and on Item 2 (agency removal records from SMPD's Flock sharing list, 2/18/26 – 3/12/26). The response added: "Removals from Flock are conducted within the platform at the discretion of the Lieutenant assigned to the ALPR Committee. There are no corresponding records." A follow-up answered: "I did not locate a log of this information in the Flock platform."**

Subsequent production under W012297-030826 included a December 3, 2025 email from hello=flocksafety.com@mail.flocksafety.com to SValencia@cityofsanmateo.org titled "Action Requested: Pending Flock Camera Share Requests," which identifies University of the Pacific (request date 09-10-2025) among ten pending share requests to SMPD.

That email pre-dates the W012328 Item 1 window (1/1/26 forward) and may not have been within the original scope. Two observations follow:

(a) The 12/3/25 email establishes that Flock sends SMPD named-agency add-event notifications via email. It follows that removal events — if Flock sends equivalent notifications — would also surface in SMPD inboxes. That contradicts the "no corresponding records" framing for the UOP removal.

(b) The "I did not locate a log of this information in the Flock platform" answer addresses only the Flock platform and does not address whether removal notifications arrived via email.

Accordingly, I request:

1. All emails sent from or received by any SMPD email address, from September 1, 2025 to the present, containing "University of the Pacific" or "UOP" in the subject, body, to/from fields, or attachments. A 9/1/25 floor is reasonable because UOP's access request to SMPD was dated 09-10-2025.

2. All emails received by any SMPD email address from @flocksafety.com or @mail.flocksafety.com between February 18, 2026 and March 11, 2026 that notify or confirm an external agency's removal, revocation, access change, or termination on SMPD's share network — including emails with subject lines containing "removed," "revoked," "access revoked," "removed from sharing," "sharing terminated," or substantially similar content. This window corresponds to UOP's disappearance from SMPD's public Flock transparency portal.

3. A written description of the search methodology used to respond to W012328-031226 Items 1 and 2 — specifically, (a) whether the "University of the Pacific" / "UOP" keyword search covered SMPD Exchange/Outlook mailboxes, including Flock-originated mail from @flocksafety.com and @mail.flocksafety.com, and (b) whether any search for removal-notification emails was performed, and if so, the search terms and the mailboxes covered. If those mailboxes were not searched, please state the basis on which they were excluded.

The records requested in categories 1 and 2 concern administrative configuration of SMPD's external-agency sharing network — specifically UOP's addition to the sharing list in September 2025, its publicly visible presence on the Flock transparency portal, and its removal between February 18 and March 11, 2026. Records of this kind are not records of a law-enforcement investigation within the meaning of Government Code § 7923.600; the subsequent production under W012297-030826 of Flock-originated access-request and sharing-confirmation emails without exemption confirms that categorization. Civil Code § 1798.90.55(b) restricts the sharing of ALPR information (plate reads, search results); it does not restrict disclosure of agency names, access-request dates, removal dates, permission types, or internal discussion about which agencies should appear on a public sharing list.

To the extent Item 1 surfaces emails that contain a mix of administrative content and material the city

believes is exempt, Government Code § 7922.525(b) requires segregable production: the non-exempt portions — including at minimum the From, To, Date, and Subject fields — must be produced with the exempt portions redacted. Please do not apply a blanket exemption where segregation is available. For any record withheld in whole or in part, please identify the record individually by sender, recipient, date, and subject; cite the specific exemption asserted; and — where § 7923.600 is asserted — identify the investigation to which the record relates and whether that investigation is active or closed.

If the city intends to produce any of these records under W012462-040226 (the broader rolling Flock-email request), please confirm in writing and identify the batch in which they will be produced.

The request is being forwarded to appropriate department(s) for processing.

Monitor request progress at the link below. The City will email you when the request is complete. Thank you for using the San Mateo Records Center.
