Hello,

Please see attached audit log for 3/5/2026.

Portions of your request are being withheld pursuant to Government Code section 7923.600, as they constitute law-enforcement investigative records.

Thank you,

Jodi Ferreira
Senior Records Specialist
Police

RE: PUBLIC RECORDS REQUEST of September 04, 2026, **Reference # W013377-090426**

Dear Brian C,

The City received the following records request from you on September 04, 2026.

Under the California Public Records Act (Gov. Code section 7920.000 et seq.), I request the following records.

As you are aware, the Department's ALPR platform records for each search both an offense category selected by the searching user and a reason typed by that user, and the platform's Audit PDF report renders typed text that the Reason column of its spreadsheet export can omit. The Department publishes the offense category of each of its searches on its public transparency portal. For the search bearing ID 9920424e-bfd0-4f87-8423-6abce941fdc7 (03/05/2026, 10:15:07 PM UTC), the platform's offense category is "Homicide/Death Investigation", the words "Homicide/Death" being the category's identifying text and "Investigation" the remainder of its label, and the typed reason is "Ivne".

This request is for the platform's search-audit record of the query itself, not for any investigative file, case report, or other record that the entry may reference.

This request is distinct from request W013308-082426 and is not satisfied by the record produced under it. That request was answered on September 2, 2026 with a spreadsheet export rendered to PDF, in which the words "Homicide/Death" were redacted from the category and the word "Investigation" was left in place, the typed reason did not appear, no withheld field was marked as such, and no field-specific statement was provided. This request seeks different record products, the platform's Audit PDF report and its CSV export,

with withheld portions marked in place and a determination specific to this record. Please process it as a new request.

1. The platform's Audit PDF report covering March 5, 2026, as generated by the platform, including the row for the search identified above with every field that report includes.

2. The record for the same search in the platform's CSV export, with every field the export includes.

For both items, where any portion of a field is withheld, please mark it in place with a marker that distinguishes a withheld value from a field the platform left empty.

If information is withheld from any field of this record, please provide, as part of the written determination under Government Code section 7922.540, a statement specific to this record that identifies each field from which information was withheld, the exemption relied upon for that field, and the basis on which no reasonably segregable portion of that field could be released under section 7922.525(b). If the offense category, or the words "Homicide/Death" within it, is withheld, please state the basis on which that value, which the Department publishes on its transparency portal for each of its searches, is exempt as to this record. If the typed reason is withheld, please state the basis on which the value "Ivne" is exempt.

Please provide the determination required by Government Code section 7922.535 within 10 days, in writing, per section 7922.540.

Brian

We have made a good faith and diligent effort to complete your request, in which responsive records have been collected. These records are available on the San Mateo Records Request Portal. Select the link below to view.

Portions of the record have been redacted pursuant to the investigative records exemption under Government Code § 7923.600. The record has been provided in PDF format rather than its native XLS format to ensure that the redacted information cannot be accessed, recovered, or otherwise disclosed through the native electronic file.

Accordingly, pursuant to Government Code § 7922.580(c), the Department is providing the responsive record in PDF format to preserve the security and integrity of the redactions while providing access to the nonexempt responsive information.

The City has completed its response to your request and now considers this record request **W013377-090426** closed.

If you have any questions, please contact me using the below contact information.

Sincerely,

Jodi Ferreira
Senior Records Specialist
Police

The Department has conducted a review of its redaction procedures in consideration of the information made publicly available through the Flock Safety Transparency Portal as well as the applicable Government Codes. As a result of that review, the Department has revised certain redaction practices applicable to the audit records being produced. These revisions are intended to expand, rather than restrict, the information made available to the public.The Department has revised its redaction process so that redacted information will appear as black blocks. Accordingly, pursuant to Government Code § 7922.580(c), the Department will continue to provide these records in PDF format to preserve the security and integrity of the redactions while providing access to all reasonably segregable, nonexempt responsive information and your current request for the following native files is denied under Government Code § 7922.580(c).

Thank you,
Kelly O'Keefe
Police Technical Services Administrator
