Shut Down Turnkey Totalitarianism

William Binney, the NSA surveillance architect-turned-whistleblower, called it the "[turnkey totalitarian state](#)." Whoever sits in power gains access to a boundless surveillance empire that scorns privacy and crushes dissent. Politicians will come and go, but you can help us claw the tools of oppression out of government hands.

BECOME A MONTHLY SUSTAINING DONOR

We must stand strong to uphold your privacy and free expression as democratic principles. With members around the world, EFF is empowered to use its trusted voice and formidable advocacy to protect your rights online. Whether giving [monthly](#) or [one-time donations](#), members have helped EFF:

- Sue to stop [warrantless searches of Automated License Plate Reader \(ALPR\) records](#), which reveal millions of drivers' private habits, movements, and associations.
- Launch [Rayhunter](#), an open source tool that empowers you to help search out cell-site simulators capable of tracking the movements of protestors, journalists, and more.

- Help journalists see through the spin of "copaganda" by breaking down how policing technology companies often market their tools with misleading claims with [our Selling Safety report](#).

Right now, U.S. Congress is on the edge of renewing [the international mass spying program known as Section 702](#), affecting millions. EFF is rallying to cut through the politics and give ordinary people a chance to stop this oppressive surveillance. It's only possible with help from supporters like you, [so join EFF today](#).

The New EFF Member Gear

[Get this year's new member t-shirt when you join EFF](#). Aptly titled "Claw Back," the design features an orange boy swatting at the street-level surveillance equipment multiplying in our communities. You might empathize with him, but there's a better way. *Let's end the law enforcement contracts, harmful practices, and twisted logic that enable mass spying in the first place.*

You can also get brand new set of eleven soft and supple **polyglot puffy stickers** as a token of thanks. Whether you're a kid or a kid at heart, these nostalgic stickers are perfect for digital devices, lunchboxes, and notebooks alike. Our little Ghostie protects privacy in six languages: Arabic, English, Japanese, Persian, Russian, and Spanish.

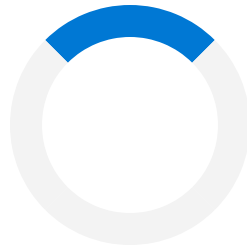

And for a limited time, get a **Privacy Badger Crewneck sweater** to help you browse the web with confidence. The embroidered Privacy Badger mascot appears above characters that say "privacy" because human rights are universal. Millions of people around the world use [Privacy Badger](#), [EFF's free](#)

[tool that devours devious scripts and cookies](#) that twist your web browsing into a commodity for Big Tech, advertisers, and scammers.

Privacy is a human right because it gives you a fundamental measure of security and freedom. We owe it to ourselves to fight the mass surveillance used to control and intimidate people. Let's do this. [Join EFF today with a monthly donation](#) or [one-time donation](#) and help claw back your privacy.

EFF is a member-supported U.S. 501(c)(3) organization. We've received top ratings from the nonprofit watchdog Charity Navigator since 2013! Your donation is tax-deductible as allowed by law.
