Hi,

My bad.....yes it was for a lost vehicle incident [REDACTED] and I know better so it won't happen again.

Hi Maria-

Each month I have to go through all the Flock searches to make sure our staff is using the appropriate offense code, reason, or case number when using the search system. On 12/12/25, at 1331 hours, you listed "Lost veh" as your search reason. I am assuming you were assisting an RO look for their misplaced vehicle which is fine; however, in the future can you list an incident number or an offense code in the appropriate tabs. ALPR systems are under a lot of scrutiny right now and were being asked to do monthly audits.

Thank you,
