Subject: California Public Records Request :: W012596-042226

Body:

RE: PUBLIC RECORDS REQUEST of April 22, 2026, **Reference # W012596-042226**

Dear Brian C,

The City received the following records request from you on April 22, 2026.

The response to W012174-021826 (closed 2/26/26) stated that "a good faith and diligent search yielded no records responsive to your request" for Items 2 and 3, which sought "memoranda of understanding, data sharing agreements, or other written agreements between SMPD and external agencies granted access to SMPD's Flock camera data" and "records documenting how the department determined which agencies to grant access to SMPD's Flock cameras, including any records related to the configuration of Flock's statewide network, nationwide network, or direct sharing settings."

Subsequent production under W012297-030826 included Flock-originated emails in SMPD inboxes that appear responsive to the "no responsive records" items from W012174. Examples include:

- "Action Requested: Pending Flock Camera Share Requests" (from hello=flocksafety.com@mail.flocksafety.com to SValencia@cityofsanmateo.org, December 3, 2025 — listing ten pending share requests with permission types, including University of the Pacific (requested 09-10-2025), El Cajon CA PD (09-11-2025), Mountain View CA PD (11-27-2025), Sanger, San Jose State University, Colusa, Orange County Fire Authority, Taft, San Fernando, and Hollister).*
- "Camera Access Request from [Agency]" notifications from Alameda County SO, Albany PD, East Bay Parks PD, Robeson County NC SO, Sonoma County SO, and US Postal Inspection Service.*
- "...shared Flock cameras with you" notifications from Hayward PD, Palm Desert (RCSD), Bloomfield NM PD, Nephi UT PD, Richland County SC SO, San Leandro PD, Millbrae, Cal-Fire Wing, and multiple Home Depot and Ulta locations.*

Because those records were in SMPD inboxes before W012174 was filed and closed, and appear responsive to the "no responsive records" items from W012174, I request:

1. All emails received by any SMPD email address from @flocksafety.com or @mail.flocksafety.com, from January 1, 2020 to the present, with subject lines (or substantially similar content) in any of the following categories:

- "Action Requested: Pending Flock Camera Share Requests" or equivalent batched approval-queue notifications*
- "Camera Access Request from [agency name]" or equivalent single-agency access requests*

- c. "[agency name] shared Flock cameras with you" or equivalent camera-sharing confirmations
- d. Removal, revocation, or access-change notifications involving external agencies on SMPD's share network
- e. Any Flock-originated notification of an add, approval, denial, or removal event involving an external agency on SMPD's share network

RESPONSE: This request is being processed under #W012462-042226 and responsive records are being provided to you on a rolling basis.

2. A written description of the search methodology used to respond to W012174-021826 Items 2 and 3 — specifically, whether SMPD @flocksafety.com and @mail.flocksafety.com emails in Exchange/Outlook mailboxes were searched, and if not, the basis on which those mailboxes were excluded.

RESPONSE: Items two and three of request #W012174-021826 did not request any emails therefore, no email search was conducted. Responsive emails to items two and three will fall under request #W012462-042226.

Consistent with the treatment of the same record class under W012297-030826 (where these notifications were produced without exemption), the records requested in category 1 are not records of a law-enforcement investigation within the meaning of Government Code § 7923.600. They are vendor-originated system notifications concerning access configuration on a shared platform. Civil Code § 1798.90.55(b) likewise does not apply: it restricts the sharing of ALPR information (plate reads, search results), not the agency names, access-request dates, and permission types that constitute the notifications themselves. To the extent the city asserts either exemption as a basis for withholding, please (a) identify each withheld record individually by sender, recipient, date, and subject, with the specific exemption cited and — where § 7923.600 is asserted — the investigation to which each record relates; and (b) consistent with Government Code § 7922.525(b), produce segregable non-exempt portions — including at minimum the From, To, Date, and Subject fields — of any record withheld in part.

RESPONSE: In response to your request, the PRA does not require an agency to create a “privilege log,” or list, that identifies the specific records being withheld. The response only needs to identify the legal grounds for nondisclosure [*Haynie v. Superior Court*, supra, 26 Cal.4th at p. 1075].

If the city intends to produce these records under W012462-040226 (the broader rolling Flock-email request), please confirm in writing and identify the batch in which the records in category 1(a)–(e) will be produced.

RESPONSE: This request is being processed under #W012462-042226 and will be provided to you on a continuing rolling basis. The City's system does not categorize or organize records into discrete batches based on the request's specified criteria. Instead, records are processed and uploaded in a non-sequential, system-generated order.

Due to this functionality, responsive records are being reviewed and produced in bulk as they become available, rather than grouped according to the categories identified in items 1(a)–(e) of your request. As a result, the City is unable to identify or designate particular batches as corresponding to specific categories.

The City will continue to produce responsive records on a rolling basis in the manner permitted by its

system and will be submitted under #W012462-042226.

The City has completed its response to your request and now considers this record request **W012596-042226** closed.

If you have any questions, please contact me using the below contact information.

Sincerely,

Jennifer Maravillas

Thank you for your interest in public records of the City of San Mateo. Your request was received by the City of San Mateo on 4/22/2026 and given the reference number **W012596-042226** for tracking purposes.

Record(s) Requested: **The response to W012174-021826 (closed 2/26/26) stated that "a good faith and diligent search yielded no records responsive to your request" for Items 2 and 3, which sought "memoranda of understanding, data sharing agreements, or other written agreements between SMPD and external agencies granted access to SMPD's Flock camera data" and "records documenting how the department determined which agencies to grant access to SMPD's Flock cameras, including any records related to the configuration of Flock's statewide network, nationwide network, or direct sharing settings."**

Subsequent production under W012297-030826 included Flock-originated emails in SMPD inboxes that appear responsive to the "no responsive records" items from W012174. Examples include:

- **"Action Requested: Pending Flock Camera Share Requests"** (from hello=flocksafety.com@mail.flocksafety.com to SValencia@cityofsanmateo.org, December 3, 2025 — listing ten pending share requests with permission types, including University of the Pacific (requested 09-10-2025), El Cajon CA PD (09-11-2025), Mountain View CA PD (11-27-2025), Sanger, San Jose State University, Colusa, Orange County Fire Authority, Taft, San Fernando, and Hollister).
- **"Camera Access Request from [Agency]"** notifications from Alameda County SO, Albany PD, East Bay Parks PD, Robeson County NC SO, Sonoma County SO, and US Postal Inspection Service.
- **"...shared Flock cameras with you"** notifications from Hayward PD, Palm Desert (RCSD), Bloomfield NM PD, Nephi UT PD, Richland County SC SO, San Leandro PD, Millbrae, Cal-Fire Wing, and multiple Home Depot and Ulta locations.

Because those records were in SMPD inboxes before W012174 was filed and closed, and appear responsive to the "no responsive records" items from W012174, I request:

1. All emails received by any SMPD email address from @flocksafety.com or @mail.flocksafety.com, from January 1, 2020 to the present, with subject lines (or substantially similar content) in any of the following categories:
 - a. **"Action Requested: Pending Flock Camera Share Requests"** or equivalent batched approval-queue notifications
 - b. **"Camera Access Request from [agency name]"** or equivalent single-agency access requests
 - c. **"[agency name] shared Flock cameras with you"** or equivalent camera-sharing confirmations
 - d. Removal, revocation, or access-change notifications involving external agencies on SMPD's share network
 - e. Any Flock-originated notification of an add, approval, denial, or removal event involving an external agency on SMPD's share network
2. A written description of the search methodology used to respond to W012174-021826 Items 2 and 3 — specifically, whether SMPD @flocksafety.com and @mail.flocksafety.com emails in Exchange/Outlook mailboxes were searched, and if not, the basis on which those mailboxes were excluded.

Consistent with the treatment of the same record class under W012297-030826 (where these notifications were produced without exemption), the records requested in category 1 are not records of a law-enforcement investigation within the meaning of Government Code § 7923.600. They are vendor-originated system notifications concerning access configuration on a shared platform. Civil Code § 1798.90.55(b) likewise does not apply: it restricts the sharing of ALPR information (plate reads, search results), not the agency names, access-request dates, and permission types that constitute the notifications themselves. To the extent the city asserts either exemption as a basis for withholding, please (a) identify each withheld record individually by sender, recipient, date, and subject, with the specific exemption cited and — where § 7923.600 is asserted — the investigation to which each record relates;

and (b) consistent with Government Code § 7922.525(b), produce segregable non-exempt portions — including at minimum the From, To, Date, and Subject fields — of any record withheld in part.

If the city intends to produce these records under W012462-040226 (the broader rolling Flock-email request), please confirm in writing and identify the batch in which the records in category 1(a)–(e) will be produced.

The request is being forwarded to appropriate department(s) for processing.

Monitor request progress at the link below. The City will email you when the request is complete. Thank you for using the San Mateo Records Center.

To monitor the progress or update this request please log into the [San Mateo Records Center](#).
