Axon Customer Experience Improvement Program Appendix

The ACEIP is designed to accelerate Axon's development of technology, such as building and supporting automated features, aiming to increase safety within communities and efficiency in public safety. Axon may make limited use of Customer Content from participating customers to provide, develop, improve, and support current and future Axon products (collectively, "ACEIP Purposes"). ACEIP has 2 modes of participation, Basic and Custom. Customer is enrolled in ACEIP Basic by default. If Customer does not want to participate in ACEIP Basic, ACEIP Custom, or both, Customer can revoke its consent at any time via email to aceip@axon.com.

Axon Obligations

ACEIP Basic
When Axon uses Customer Content for ACEIP Purposes, Axon will:

- Use Customer Content only for ACEIP Purposes.
- Prohibit direct human access to Customer Content, including by Axon personnel and subprocessors, except as needed to perform or validate deletion.
- Retain Customer Content only as long as needed to create Transformed Content (defined below) and validate the transformations.
- Apply privacy-preserving transformations that remove identifying information appropriate to the use case ("Transformed Content"). AI model weights and similar insights that do not contain Customer Content are Transformed Content. Transformed Content is not Customer Content.
- Retain and permit direct human access to Transformed Content for ACEIP Purposes.
- Maintain security, privacy, and data governance programs as described in the Axon Cloud Services Terms Appendix, and apply them to ACEIP.

Transparency Portal Publication
Before activating a use case, Axon will publish it on the Axon Transparency Portal, including the product development purpose, data types involved, and privacy-preserving techniques used. Axon will also notify ACEIP participants when the Transparency Portal is updated with a new or materially changed use case. Fifteen (15) calendar days after notification, Axon may activate the use case for all Basic participants.

Opt Out
Customer may opt out of ACEIP Basic at any time via aceip@axon.com. Axon endeavors to implement opt outs within fifteen (15) calendar days. Transformations of Customer Content cease when Axon implements the opt out. Axon may retain Transformed Content created before it implemented the opt out request.

ACEIP Custom
Custom use cases may be governed by separate written terms between Axon and Customer. Those terms will control that use case. Please direct inquiries regarding Custom participation to aceip@axon.com.

Estimated Amounts and Contract Terminations. Any amounts stated as due under existing or terminated contracts — including contract transfer balances carried forward to new or pending contracts — are estimates based on payments received as of the calculation date. These estimates may be adjusted if new contracts are not executed on the anticipated dates or if expected payments are not made.

Refresh Shipment Timing

Technology Assurance Plan (TAP) Refresh Prior to Renewal. For Customers with expiring agreements that include TAP refresh rights, Axon may, in its discretion, ship refresh hardware under the existing contract while renewal or replacement agreements are in progress. Any such shipments will be deemed made under the terms of the existing contract until the new contract is fully executed, after which any applicable updates, fees, or adjustments will apply.

Shipment Timing

Shipment Variance. Estimated shipment dates are provided for planning purposes only and are not guarantees. Axon may ship hardware before or after the estimated shipment date, and failure to meet an estimated shipment date will not, by itself, constitute a breach, provided Axon uses commercially reasonable efforts to meet estimated shipment dates.
