Subject: Re: Usage of Flock Search Platform

Hello Everyone,

To piggyback on Lt.'s email, I will be coming to lineups over the next couple of weeks to share some info I received from a training I just attended as well as do a brief training on the 'Search' feature since it has recently changed. I will come to dispatch as well.

In the meantime, if you could please 'Reply' (not 'Reply All') to this email with any questions you may have regarding the 'Search' feature I would greatly appreciate it as I can better prepare my presentation for you all.

Thanks everyone and have a great week.

Phoenix

Subject: Usage of Flock Search Platform

Hi everyone-

I would like to remind everyone of the importance of entering clear, legitimate, and specific reasons when using the Flock search platform. Accurate documentation is not only a departmental requirement—it protects both you and our agency by ensuring transparency, accountability, and proper use of the system.

All searches must be tied to a valid law enforcement purpose. When using the search platform, please make sure you are referencing a case number, cad number, warrant

number, or outside agency case/incident number. Reasons such as "investigation" or "routine check" are not acceptable.

If you are unsure whether a search purpose is valid, consult with your supervisor before proceeding.

Thank you,

**Lieutenant Steve Casazza
