Axon Solution Demonstration

City of San Mateo

Council Demo Day · Date: To Be Confirmed

Prepared by Axon Government Affairs & Account Team · July 2026

HOW WE'VE STRUCTURED THE DAY

Three identical two-hour educational sessions on the same day — morning, midday, and afternoon. Smaller groups create better conversations, and splitting Council members across sessions makes it easier for everyone to attend given competing schedules.

> Under California's Brown Act, a "meeting" is triggered when a quorum — a majority — of the body gathers to discuss city business. Richmond's seven-member Council (Mayor + six Councilmembers) has a quorum of four, so keeping each session at two to three members stays safely below that threshold.

Each session covers the same five topics in the same order. The only difference is the audience. Council members attend one of the three Council sessions. Command Staff gets a separate session.

8:00 AM

Session 1 **Council Group 1 · ~2 Hours · 2–3 Members**

11:00 AM

Session 2 **Council Group 2 · ~2 Hours · 2–3 Members**

2:00 PM

Session 3 **Council Group 3 · ~2 Hours · 2–3 Members**

4:30 PM

Session + **Command Staff · Optional Same Day or Separate**

WHAT WE'LL DEMONSTRATE

Every Council session covers the following areas, reflecting Richmond's contract scope proposed by Axon.

TOPIC	DESCRIPTION
Outpost	Fixed LPR and video solution.
Dedrone	Airspace security and FAA compliance.
Data Security & Privacy	How Axon ensures Richmond PD's data stays secure at all costs.
Ethics Committee & Oversight	Overview of Axon's Ethics Committee and our approach to building ethical public safety technology.
Contract Scope & Financials	Overview of Axon's proposal and the budget impact to the City of Richmond.

AXON DEMO TEAM — TOPIC OWNERSHIP

One team, on-site all day.

NAME	TITLE	TOPIC
Tierney Stuhr	Key Account Leader	Session lead, overall account
Jordan Sauers	Government Affairs	Welcome & framing, Ethics Committee & Oversight, Council Q&A
Patrick Newton	Outpost Specialist	Axon Outpost
