Dear Brian C,

Upon further review of your original request, it was determined that a technical issue during the initial upload resulted in only 30 files being successfully transmitted.

The issue has since been identified and the remaining responsive, disclosable records are now being provided as a supplemental release to your original request. We apologize for the oversight and any inconvenience this may have caused.

These records are available on the San Mateo Records Request Portal. Select the link below to view.

The City has completed its response to your request and now considers this record request **W013585-100626** closed.
