Subject: California Public Records Request :: W012683-050626

Body:

RE: PUBLIC RECORDS REQUEST of May 06, 2026, **Reference # W012683-050626**

Dear Brian C,

The City received the following records request on May 06, 2026.

Captain Maravillas,

Thank you for the 5/6 update closing W012297-030826 and noting that responsive records will be produced under W012462-040226 on a rolling basis.

I wanted to follow up specifically on Item 6 of the original request:

"Any policy, procedure, or system documentation describing how SMPD monitors or tracks vendor-initiated disclosures under Section 5.3."

Item 6 asks about documentation of a monitoring or tracking mechanism — a policy, procedure, configuration, or standing arrangement — rather than about email content. If such a record exists, it would likely be a policy document, a contract addendum, an internal procedure, or a system configuration, rather than an email in the W012462 corpus.

I also want to note that Section 5.3 authorizes Flock to act on its own good-faith belief without requiring SMPD's approval or involvement. A disclosure under that provision would not necessarily generate an email in SMPD's inbox, which is why Item 6 asks separately whether any mechanism exists by which the City would become aware of such a disclosure.

With that in mind: does any record exist, of any kind, describing how SMPD would learn of a Section 5.3 disclosure? If no responsive records exist for Item 6 specifically, a statement to that effect would resolve this item and I would not expect it to require review of the W012462 email corpus.

*Thank you,
Brian*

A good faith and diligent search to item 6 yielded no records responsive to your request, however the only record that would potentially communicate this information is through email. As you know we are still conducting an extensive email search under PRA #W012462-040226.

The City has completed its response to your request and we now consider this record request W012683-050626 closed. If you have any questions, or would like to submit a new request for records, please contact the City.

If you have any questions, please contact me using the below contact information.
