## South City expands surveillance

Police and Fire departments to have access to 44 license plate readers, more than 10 drones

By Alyse DiNapoli, Daily Journal staff  
Jan 13, 2025

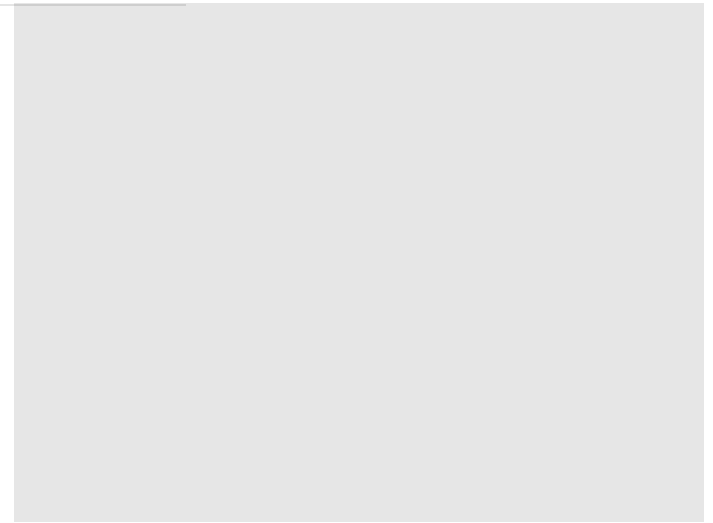

South City approved a two-year contract for 44 automated license plate readers and recently kicked off its drone program.

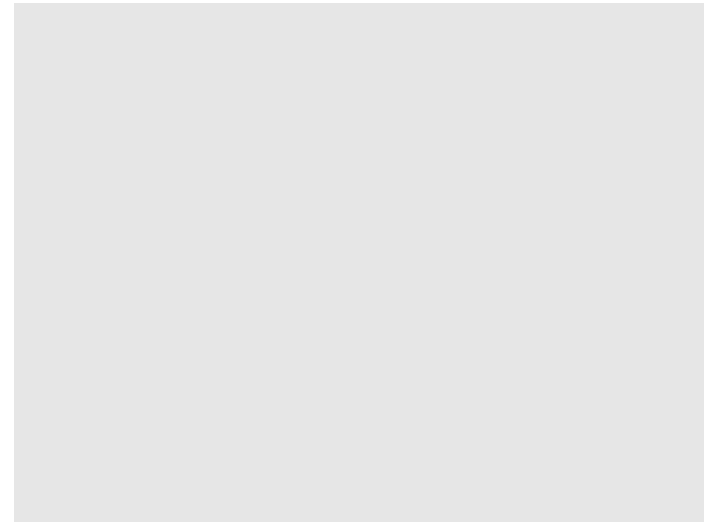

The ALPR program began in 2022 — operated by the firm Flock Safety — and Police Chief Scott Campbell said the devices have been instrumental in reducing crime.
