Subject: Flock AR

Here is the AR we did for FLOCK (we presented the concept in conjunction with sUAS program as a "Police Technology Update").

The Council expressed support at the meeting – I'm including the minutes too.

At the Council meeting last week the Chief provided an update to the Council on how we are doing on our various initiatives, and included an update on how great the ALPRs are, how we have used to them to help solve crimes, yada, yada, yada.

As I mentioned, the Council didn't have much feedback.

Let me know if you need anything else!

T
