Subject: California Public Records Request :: W012852-060726

Body:

RE: PUBLIC RECORDS REQUEST of June 07, 2026, **Reference # W012852-060726**

Dear Brian C,

The City received the following records request from you on June 07, 2026.

Pursuant to the California Public Records Act, I request the following records:

1. Any standard operating procedure, general order, Lexipol procedure, or equivalent operational document governing the operation or use of the Automated License Plate Reader (ALPR) system by Real Time Information Center (RTIC) personnel. This includes, but is not limited to, the document identified as "Procedure 1102 — ALPR Systems," published on or about March 6, 2026. Please produce all versions and revisions of any such document, and identify which is the current operative version.

2. Records sufficient to show where each such procedure is currently posted or otherwise made available to the public, including any URL on the City or Department website.

As you are aware, the Department has published operational procedures relating to its ALPR program; this request seeks the RTIC-specific procedure and its posting location.

If any responsive document has been superseded, withdrawn, renumbered, or removed from public access, please produce the superseded version and any record reflecting that change.

*Thank you,
Brian*

In response to your Public Records Act request, the Department has identified and attached all responsive records currently in existence regarding Automated License Plate Reader (ALPR) procedures applicable to Department operations and the Real Time Information Center (RTIC).

The Department does not possess any superseded, withdrawn, archived, or prior versions of procedures 1100 and 1102 beyond those provided. The attached documents represent the only operative versions maintained by the Department.

During our review of your request, we discovered that the Department's Transparency webpage contained two entries titled "Automated License Plate Reader Operating Procedure." One entry correctly linked to SOP 205, while the second entry was intended to link to SOP 1102 but it linked 205 (twice). To avoid confusion, SOP 1102 has been retitled "RTIC – ALPR Systems," and the Transparency webpage has been updated accordingly here: [Standard Operating Procedure Manual | San Mateo, CA - Official Website](#)

The attached records constitute the Department's current published ALPR-related procedures, and the updated Transparency webpage reflects the current public posting location for these documents. We have made a good-faith, diligent effort to complete your request, and responsive records have been collected. These records are available on the San Mateo Records Request Portal. Select the link below to view.

We have made a good faith and diligent effort to complete your request, in which responsive records have been collected. These records are available on the San Mateo Records Request Portal. Select the link below to view. The City has completed its response to your request and now considers this record request **W012852-060726** closed.

If you have any questions, please contact me using the below contact information.

Sincerely,

Jennifer Maravillas

Thank you for your interest in public records of the City of San Mateo. Your request was received by the City of San Mateo on 6/7/2026 and given the reference number **W012852-060726** for tracking purposes.

Record(s) Requested: **Pursuant to the California Public Records Act, I request the following records:**

1. Any standard operating procedure, general order, Lexipol procedure, or equivalent operational document governing the operation or use of the Automated License Plate Reader (ALPR) system by Real Time Information Center (RTIC) personnel. This includes, but is not limited to, the document identified as "Procedure 1102 — ALPR Systems," published on or about March 6, 2026. Please produce all versions and revisions of any such document, and identify which is the current operative version.

2. Records sufficient to show where each such procedure is currently posted or otherwise made available to the public, including any URL on the City or Department website.

As you are aware, the Department has published operational procedures relating to its ALPR program; this request seeks the RTIC-specific procedure and its posting location.

If any responsive document has been superseded, withdrawn, renumbered, or removed from public access, please produce the superseded version and any record reflecting that change.

**Thank you,
Brian**

The request is being forwarded to appropriate department(s) for processing.

Monitor request progress at the link below. The City will email you when the request is complete. Thank you for using the San Mateo Records Center.

To monitor the progress or update this request please log into the [San Mateo Records Center](#).
