Brian C.

RE: Public Records Act Request #W013305-082426

Dear Brian:

In accordance with Government Code § 7922.525, a legal review of your request has been completed. Any redactions or exemptions cited in the Department's response have been reviewed and authorized by the signatory of this letter.

This letter responds to your California Public Records Act ("CPRA") request dated August 24, 2026, submitted under Reference #W013305-082426. Please see the following responses to the requested records:

1. For each monthly ALPR audit memorandum prepared under Policy 463.10, the email or other record by which the memorandum was transmitted to the Chief of Police, together with the memorandum as attached or enclosed at the time of that transmittal. If any memorandum was delivered other than by email, the record reflecting that delivery.

Department Response:

Please refer to attached documents in GOV QA.

2. Records reflecting the Chief of Police's review of each memorandum described in item 1, and its subsequent filing and retention, with dates.

Department Response:

Please refer to attached documents in GOV QA.

3. The native-format electronic file, as currently held by the Department, for each memorandum described in item 1. This item requests the word-processing files themselves, not PDF renderings.

Department Response:

Please refer to attached documents in GOV QA.

4. Any prior, superseded, draft, or alternate version of any memorandum described in item 1, retained in any form or location, including versions retained in a document management system, cloud storage, network file share, email attachment, or local drive.

Department Response:

No responsive records.

5. The version history, revision history, or file audit trail maintained by the system in which each memorandum described in item 1 is stored — for example, Microsoft 365, SharePoint, OneDrive, or a network file server — showing save events, dates, and the account associated with each.

Department Response:

To the extent prior versions or revision history are maintained within the native electronic files, that information is contained within the native files provided in response to Item 3. The Department has not identified a separate version-history, revision-history, or file-audit-trail record responsive to this item.

6. Records sufficient to identify where the Policy 463.10 memoranda are filed and retained after the Chief of Police's review, including the system or repository name and the folder, library, or path used.

Department Response:

A good faith and diligent search yielded no responsive records.

7. Any record reflecting a revision, correction, re-export, or re-issuance of any Policy 463.10 audit memorandum, including tasking, transmittal, review, or correspondence concerning such a change.

Department Response:

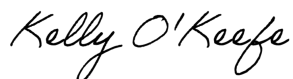

A good faith and diligent search yielded no responsive records.

8. Any records retention schedule or policy the Department applies to the Policy 463.10 audit memoranda and their prior versions.

Department Response:

The City of San Mateo's Records Retention Schedule is publicly available on the City's website and identifies the applicable retention requirements for City records.
