Body:

RE: PUBLIC RECORDS REQUEST of August 24, 2026, Reference # W013308-082426.

Dear Brian C,

The City received the below records request from you on August 24, 2026.

Under the California Public Records Act (Gov. Code section 7920.000 et seq.), I request the following record.

As you are aware, the Department's ALPR platform maintains a search-audit log in which each query is recorded together with an identifier for the search, the searching user, the time of the search, and the reason entered by that user for the search.

1. The search-audit record for the single search bearing ID 9920424e-bfd0-4f87-8423-6abce941fdc7, with a search time of 03/05/2026, 10:15:07 PM UTC, as that record exists in the platform, including every field the platform's audit export includes for it.

This request is for the platform's search-audit record of the query itself, not for any investigative file, case report, or other record that the entry may reference.

Please produce the record in the platform's standard audit-export format. If the platform can also export this record in CSV form, please include that as well. If the export function operates on date ranges rather than individual records, an export covering March 5, 2026 that includes this record is acceptable. Please produce the record with all export fields present, indicating in place any field from which information has been withheld.

If information is withheld from any field of this record, please state, with respect to this record specifically, each field from which information was withheld, the exemption relied upon for that field, and the basis on which no reasonably segregable portion of that field could be released under Government Code section 7922.525(b).

Please provide the determination required by Government Code section 7922.535 within 10 days, in writing, per section 7922.540.

Brian

We are reaching out to inform you that a legal review of your request was completed by our City Attorney's office, in accordance with Government Code § 7922.525(b).

Please see the attachment provided in the GOV QA portal for the responsive record.

Portions of the record have been redacted pursuant to the investigative records exemption under Government Code § 7923.600. The record has been provided in PDF format rather than its native XLS format to ensure that the redacted information cannot be accessed, recovered, or otherwise disclosed through the native electronic file.

Accordingly, pursuant to Government Code § 7922.580(c), the Department is providing the responsive record in PDF format to preserve the security and integrity of the redactions while providing access to the nonexempt responsive information.

If you have any questions, please reply to this message.

Sincerely,

Kelly O'Keefe
