Attachments:	EM Questions - REVISED Daly City PD QPR1 ORT-Prevention.pdf , EM Questions - REVISED Daly City PD Baseline ORT-Prevention.pdf

---

Good afternoon Winnie,

We really appreciate the revisions to Daly City PD's Baseline Report and QPR 1. There are few items we would like to be addressed (please see attached files for details) but otherwise the reports are great overall.

Please reach out if assistance is needed.

Kindly,

Earl Morales

Subject: Revised Baseline and Q1 Reports: Daly City PD (1150-23)

Hi Ashley,

Hope all is well with you. Please find attached the revised baseline report and Q1 QPR for Daly City PD.

Please let us know if you have any questions.

Best regards,
Winnie

Organized Retail Theft (ORT) Prevention Grant Program | Quarterly Progress Report

PLEASE REVIEW CAREFULLY

Before completing this report, please review the *Data Reporting Guide* which provides due dates, reporting periods, a description of the progress reports, and a data dictionary with data compilation guidance, when necessary.

Grantee and Report Information

1. **Grantee:** Daly City Police Department
2. **Award Number:** BSCC 1150-23
3. **Reporting Period:** Quarter 1: 10/1/2023 – 12/31/2023, due March 11, 2024

Section A: Definitions of Key Terms

For each key term below, identify whether the specific definition provided (see the *Data Reporting Guide*) or a department specific definition was used. If a department specific definition was used, please use the text box provided to report the definition. If the key term is not applicable to the project, select the N/A option.

Organized Retail Theft (ORT)

1. Which ORT definition was used?

- ☐ N/A (skip items 1 through 4 in Metrics section)
- ☒ ORT definition provided.
- ☐ Department Specific ORT Definition. Please provide below and indicate how it differs from the definition provided:

  Use this text box to provide the definition.

Motor Vehicle Theft (MVT) or Motor Vehicle Accessory Theft (MVAT)

2. Which MVT/MVAT definition was used?

- ☐ N/A (skip items 5 through 8 in Metrics section)
- ☒ MVT/MVAT definition provided.
- ☐ Department specific MVT/MVAT definition. Please provide below and indicate how it differs from the definition provided:

  Use this text box to provide the definition.

Cargo Theft

3. Which cargo theft definition was used?

- ☒ N/A (skip items 9 through 12 in Metrics section)
- ☐ Cargo theft definition provided.
- ☐ Department specific cargo theft definition. Please provide below and indicate how it differs from the definition provided:

  Use this text box to provide the definition.

Section B: Inputs & Implementation

Indicate the status of each of the project implementation activities below by using the dropdown menu provided and the status definitions below. Select "N/A" for any activity that does not apply to the project.

Not Started	Planning	Implementation Started	Complete/Established	N/A
Have not yet been able to focus on project activity.	Started preparations and plans to begin implementing activity.	Initiated implementing this component but may not be fully developed or needs refinement.	Project activity is fully in place/completed and supporting project goals.	Does not apply to the project.

For each activity provide a narrative description of the progress, accomplishments, and/or challenges encountered in the reporting period. *Note: when all applicable components are "complete/established," document the quarter in which that occurred. For subsequent quarterly reports note the date of completion for the activity.*

1. Staffing. Hiring staff for the essential positions of the project.

Implementation Started

Description: The grant partners conducted interviews for the CSO positions. The position for the Management Analyst/Grant Administrator was posted, applicants were interviewed, and a candidate was selected for a background investigation. However, while awaiting the results of the background check, the candidate withdrew their name from consideration. We have reposted the position and are currently accepting applications. San Mateo PD received authorization from City staff to temporarily hire for the Community Service Officer position, with an understanding that City Council will authorize the position at the 3/18/24 meeting.

2.Training. Training provided to staff to support project goals.

Planning

Description: We are planning training(s) with the DA's Office and CHP's ORT Task Force to help us provide additional training to our ORT Task Force and further our officer's knowledge on ORT-related offenses.

3. Data Collection/Evaluation. Systematic, ongoing data collection for the local and statewide evaluation. This includes the Local Evaluation Plan (LEP) for the BSCC, the securing of evaluator(s) if applicable, and the data collection method(s) for the QPR and Local Evaluation Report (LER).

Implementation Started

Description: We've selected and contracted with our evaluator, RDA Consulting (RDA), who will be creating our LEP for submission by April 30, 2024 and the LER at the end of the funding period. We are working directly with them to improve data collection processes for the grant and to goals for grant reporting purposes.

4. Limit Racial Bias. Policy(ies) in place and/or training(s) provided to ensure limiting of racial bias in implementation and facilitation of project activities.

Complete/Established

Description: All three agencies currently engaged in this partnership have policies in place to limit racial bias. New officers receive training at the police academy, during new hire orientation, and on an on-going basis as required by California POST.

5. Surveillance Technologies Compliance. Policy(ies) in place and/or trainings provided to govern the use of those technologies, including, but not limited to: compliance with privacy laws and securing of any data collected or stored.

Implementation Started

Description: We have policies in place to ensure surveillance technology behavior and compliance. Training is completed during new-hire orientation and on-boarding (Field-Training). We are also drafting additional policies that will govern the adoption of new technology platforms, and we will have training completed once the systems are in place.

6. Quality Assurance. Methods in place to ensure the project is being implemented as intended.

Complete/Established

Description: Internally, we meet bi-weekly to discuss the status of our grant-funded items. We also meet monthly with RDA Consulting and our other grant partners to review the status of our efforts and make any necessary changes to ensure the project is maintained and executed successfully.

SECTION C: Goals and Objectives

Enter the goals and objectives identified in the Project Work Plan (see grant contract) and are part of the Local Evaluation Plan. Describe the progress toward the goals and objectives the project was intended to address. Provide updates for each goal ***and*** its objectives related to the reporting period. Use as much space as needed within each of the tables to provide details about progress (the reporting boxes will expand as necessary).

Goal #1 Reduce occurrences of retail theft and vehicle/vehicle accessory theft in Daly City, San Bruno, and San Mateo
Objectives: Reported losses from retail theft will reduce when comparing 2022-2023 data to 2025-2026 data for major retailers in Daly City, San Bruno, and San Mateo police departments' jurisdictions. Vehicle theft and vehicle accessory theft rates will reduce when comparing 2022-2023 data to 2025-2026 data for Daly City, San Bruno, and San Mateo police departments' jurisdictions.

1.a. Progress. Describe progress toward this goal ***and*** its objectives during this reporting period.

Description: We've had successful deployments of our multi-agency ORT Task Force (ORTTF) during this reporting period, resulting in approximately 40 arrests for theft-related incidents in our jurisdictions. During this period, we also executed contracts with various vendors to start the implementation of their technologies and equipment into our jurisdiction(s).

1.b. Challenges. Describe any challenges encountered while working toward this goal ***and*** its objectives, as well as any efforts to address the challenges.

	Challenges:	***How Addressed:***
i.	Staff needs additional training on identifying ORT-specific crimes.	We are planning on sending staff to a CHP ORT training and having the DA's office provide additional guidance.
ii.	Describe a challenge here.	Describe how addressed here.
iii.	Describe a challenge here.	Describe how addressed here.

Goal #2 N/A
Objectives: Input the associated objectives here.

2.a. Progress. Describe progress toward this goal ***and*** its objectives during this reporting period.

Description: Use this text box to describe progress toward the goal and its objectives.

2.b. Challenges. Describe any challenges encountered while working toward this goal ***and*** its objectives, as well as any efforts to address the challenges.

	Challenges:	***How Addressed:***
i.	Describe a challenge here.	Describe how addressed here.
ii.	Describe a challenge here.	Describe how addressed here.
iii.	Describe a challenge here.	Describe how addressed here.

Goal #3 N/A
Objectives: Input the associated objectives here.

3.a. Progress. Describe progress toward this goal ***and*** its objectives during this reporting period.

Description: Use this text box to describe progress toward the goal and its objectives.

3.b. Challenges. Describe any challenges encountered while working toward this goal ***and*** its objectives, as well as any efforts to address the challenges.

	Challenges:	***How Addressed:***
i.	Describe a challenge here.	Describe how addressed here.
ii.	Describe a challenge here.	Describe how addressed here.
iii.	Describe a challenge here.	Describe how addressed here.

Goal #4 N/A
Objectives: Input the associated objectives here.

4.a. Progress. Describe progress toward this goal ***and*** its objectives during this reporting period.

Description: Use this text box to describe progress toward the goal and its objectives.

4.b. Challenges. Describe any challenges encountered while working toward this goal ***and*** its objectives, as well as any efforts to address the challenges.

	Challenges:	***How Addressed:***
i.	Describe a challenge here.	Describe how addressed here.
ii.	Describe a challenge here.	Describe how addressed here.
iii.	Describe a challenge here.	Describe how addressed here.

Goal #5 N/A
Objectives: Input the associated objectives here.

5.a. Progress. Describe progress toward this goal ***and*** its objectives during this reporting period.

Description: Use this text box to describe progress toward the goal and its objectives.

5.b. Challenges. Describe any challenges encountered while working toward this goal ***and*** its objectives, as well as any efforts to address the challenges.

	Challenges:	***How Addressed:***
i.	Describe a challenge here.	Describe how addressed here.
ii.	Describe a challenge here.	Describe how addressed here.

iii. Describe a challenge here. Describe how addressed here.

SECTION D: Activities

Formal Agreements or Partnerships

In the table below, each row lists pre-identified agencies with which a NEW formal operational agreement(s) or memorandum of understanding(s) (MOU(s)) may have been established during the reporting period. For each row, use the respective columns to report the number of new agreement(s) or MOU(s) established due to grant funds (column two), the number of new agreement(s) or MOU(s) established due to other fund sources (column three) and a description of the agreement(s) or MOU(s) (column three). If no agreements or MOUs were established for the corresponding item, please input a quantity of zero (0).

Agreements or Partnerships	Quantity utilizing *Grant Funds*	Quantity utilizing *Other Funds*	Description
1. Academic institution	**0**	**0**	Describe here.
2. Community-based organization	**0**	**0**	Describe here.
3. County-level agency	**0**	**0**	Describe here.
4. District Attorney's Office	**0**	**0**	Describe here.
5. Other law enforcement agency	**1**	**0**	Describe here.
6. Retailer/business	**0**	**0**	Describe here.
7. Other	**0**	**0**	Describe here.

Activities to Address ORT, MVT, MVAT, or Cargo Theft

In the table below, each row lists pre-defined general categories of operations or activities with which the project may have engaged in or conducted to address ORT, MVT/MVAT, or cargo theft. For each general category, use the respective columns to report the frequency (use the options within the dropdown menu) in which these operations or activities were engaged in or conducted during the reporting period with grant funds (column two) and with other funds (columns three). Use the fourth column to provide a description of the activities.

Activity	Frequency utilizing *Grant Funds*	Frequency utilizing *Other Funds*	Description
8. Task force operations	Two to three times a month	N/A	**Grant funding allows our agencies to fund an Organized Retail Theft Task Force which conducts 8 zero theft tolerance days in a quarter and rotates amongst Daly City, San Bruno, and San Mateo jurisdictions.**
9. MVT/MVAT operations	N/A	Daily	**The Daly City and San Mateo Police Departments each fund one officer per agency to our**

			county's Vehicle Theft Task Force.
10. RTIC/RTCC activities	N/A	N/A	Describe here.
11. Retail/Business/Community Relations	N/A	About once a month	**There have been multiple meetings with retailers to discuss this grant and how to report theft-related incidents. Daly City and San Bruno meet about once per quarter with retailers, and San Mateo meets about once per month with retailers.**
12. Other	N/A	N/A	Describe here.

MVT – motor vehicle theft. MVAT – motor vehicle accessory theft. RTIC – real-time information center. RTCC – real-time crime center.

Equipment and Technology in Operation

In the table below, each row lists pre-identified equipment or technology that may have been put into operation during the reporting period. Do not include equipment and technology that was purchased this quarter but was not put into operation. For each item, use the respective columns to report the quantity that was put into operation during the reporting period with grant funds (column two) and with other funds (column three). Use column four to provide a description of the item(s).

Equipment/Technology	Quantity utilizing *Grant Funds*	Quantity utilizing *Other Funds*	Description
13. Automated license plate readers	**0**	**32**	**In Daly City, 32 ALPRs were in use. ALPR systems assist with the investigation of ORT, MVT, and MVAT related cases and incidents.**
14. Bait/decoy cars	**0**	**0**	Describe here
15. Drones	**0**	**0**	Describe here
16. Etching devices	**0**	**9**	**Daly City provided etching kits to residents to assist with combating MVAT.**
17. Security cameras	**0**	**0**	Describe here
18. Software/database	**0**	**0**	Describe here
19. Tracking devices	**0**	**0**	Describe here
20. Other	**0**	**0**	Describe here

SECTION E: Metrics

Metrics for ORT

For questions 1 through 4, report the requested metrics for the reporting period. Refer to the *Data*

Reporting Guide for definitions of each metric. See Section A for the applicable definition of ORT. For items 3 and 4, provide the quantity during the reporting period with grant funds (column two) and with other funds (column three).

Metric	Quantity	
1. Number of incidents reported related to ORT	909	
2. Number of arrests made related to ORT	290	
Metric	**Quantity utilizing Grant Funds**	**Quantity utilizing Other Funds**
3. Number of FTE staff positions assigned to ORT prevention activities	1.63	1.97
4. Number of referrals to the DA related to ORT	40	329

Metrics for MVT/MVAT

For questions 5 through 8, report the requested metrics for the reporting period. Refer to the *Data Reporting Guide* for definitions of each metric. See Section A for the applicable definition of MVT/MVAT. For items 7 and 8, provide the quantity during the reporting period with grant funds (column two) and with other funds (column three).

Metric	Quantity	
5. Number of incidents reported related to MVT/MVAT	318	
6. Number of arrests made related to MVT/MVAT	90	
Metric	**Quantity utilizing Grant Funds**	**Quantity utilizing Other Funds**
7. Number of FTE staff positions assigned to MVT/MVAT prevention activities	0	3.45
8. Number of referrals to the DA related to MVT/MVAT	0	174

Metrics for Cargo Theft

For questions 9 through 12, report the requested metrics for the reporting period. Refer to the *Data Reporting Guide* for definitions of each metric. See Section A for the applicable definition of cargo theft. For items 11 and 12, provide the quantity during the reporting period with grant funds (column two) and with other funds (column three).

Metric	Quantity	
9. Number of incidents reported related to cargo theft	Enter here	
10. Number of arrests made related to cargo theft	Enter here	
Metric	**Quantity utilizing Grant Funds**	**Quantity utilizing Other Funds**
11. Number of FTE staff positions assigned to cargo theft prevention activities	0	0
12. Number of referrals to the DA related to cargo theft	Enter here	Enter here

SECTION F: Challenges and Highlights

1. **Challenges:** Describe the challenges encountered during the reporting period, as well any as efforts to overcome the challenges.

   Description: Use this text box to provide the description. A challenge one of our partners encountered was staffing the ORT task force with enthusiastic and devoted officers. In response to this challenge, our agencies have identified a group of officers and sergeants who are enthusiastic and devoted to our multi-agency ORT Task Force. This group offers the potential for our departments to invest in concentrated training, experience,

and resources to grow our ability to combat ORT. Our agencies have also experienced a challenge with executing our multi-agency MOU, which slows down individual partners' procurement of grant-funded items. In response, our multi-agency MOU should be executed during the next QPR, allowing all partners to procure items funded by this grant.

2. **Project Highlights.** Describe any highlights and/or accomplishments that occurred during the current reporting period.

   Description: During this reporting period, our multi-agency ORT Task Force had a successful deployment that led to approximately 40 arrests for ORT-adjacent offenses. Overall, our shopping centers and retailers have welcomed our ORT Task Force, and some have participated in our zero theft tolerance days, strengthening our collaborative efforts to combat ORT.

SECTION G: Additional Narrative

1. **Additional Narrative.** Please provide any additional information necessary to detail the project's progress during the reporting period. Any additional information that is project specific, which may help inform project progress, may be included here. If providing additional details in reference to a section within this report, please cite relevant sections.

   Description: On Metrics for ORT and MVT/MVAT: There currently exists a challenge in the literature regarding the most appropriate way of measuring ORT at any point prior to the prosecutorial decision to pursue a case with an ORT related charge. Due to this conceptual challenge and faced with the need to calculate short-term statistics that may be collected at the moment of occurrence or shortly thereafter, we interpret ORT and MVT/MVAT aggregate figures as *potential* incidents/arrests/referrals related to ORT and MVT/MVAT. An alternative interpretation could also be ORT-*adjacent* or MVT/MVAT *adjacent* events. Incidents were calculated using CAD calls with call types that were related to the category in question. Any incidents that were communicated to the police departments through alternative avenues are not included in these estimates. In order to most appropriately count cases and arrests related to ORT, we implemented textual analysis that interpreted in case/arrest charge description fields terms closely associated with retail theft, grand/petty theft, and shoplifting. Additionally, we cross-checked these numbers with the specific charge numbers associated with those calls. Similarly, for MVT/MVAT, we identified the case/arrest charge descriptions that were related to vehicle theft, vehicle accessory theft, and tampering with vehicles. Throughout this reporting process and hereafter, we will continue to analyze the methodology used to count these events for reliability and consistency. Acknowledging the challenges mentioned above, we include below some additional numbers that refer to the specific number of arrests and referrals made with an Organized Retail Theft charge: **Incidents (10), Arrests (15) and DA referrals (15)**. Incidents for ORT-specific numbers were calculated using the total number of cases with offenses specifically related to ORT and are not calculated using CAD incoming calls. Full-time FTE times are calculated based on total on-scene time for each ORT adjacent or MVT/MVAT incident plus a one-hour estimation on cases that resulted in DA referrals (referrals include arrests) per case due to additional time needed for staff to complete required documentation and investigative steps for cases that result in an arrest or referral.

Organized Retail Theft (ORT) Prevention Grant Program | Baseline Report

PLEASE REVIEW CAREFULLY

Before completing this report, please review the *Data Reporting Guide* which provides due dates, reporting periods, a description of the progress reports, and a data dictionary with data compilation guidance, when necessary. The Baseline Data Report requests information representative of the time period of October 1, 2022, through September 30, 2023.

Grantee and Report Information

1. **Grantee:** Daly City Police Department
2. **Award Number:** BSCC 1150-23

Definitions of Key Terms

For each key term below, identify whether the specific definition provided (see the *Data Reporting Guide*) or a department specific definition was used. If a department specific definition was used, please use the text box provided to report the definition. If the key term is not applicable to the project, select the N/A option.

Organized Retail Theft (ORT)

1. Which ORT definition was used?

- ☐ N/A (skip items 1 through 4 in Metrics section)
- ☒ ORT definition provided
- ☐ Department Specific ORT Definition. Please provide below and indicate how it differs from the definition provided:

  Use this text box to provide the definition.

Motor Vehicle Theft (MVT) or Motor Vehicle Accessory Theft (MVAT)

2. Which MVT/MVAT definition was used?

- ☐ N/A (skip items 5 through 8 in Metrics section)
- ☒ MVT/MVAT definition provided
- ☐ Department specific MVT/MVAT definition. Please provide below and indicate how it differs from the definition provided:

  Use this text box to provide the definition.

Cargo Theft

3. Which cargo theft definition was used?

- ☒ N/A (skip items 9 through 12 in Metrics section)
- ☐ Cargo theft definition provided
- ☐ Department specific cargo theft definition. Please provide below and indicate how it differs from the definition provided:

  Use this text box to provide the definition.

Activities

Formal Agreements or Partnerships

In the table below, each row lists pre-identified agencies with which a NEW formal operational agreement(s) or memorandum of understandings {MOU(s)} may have been established during the baseline period. For each row, use the respective columns to report the number of new agreement(s) or MOU(s) established and a description of the agreement(s) or MOU(s) (column three). If no agreements or MOUs were established for the corresponding item, please input a quantity of zero (0).

Agreements or Partnerships	Quantity	Description
1. Academic institution	**0**	Describe here.
2. Community-based organization	**0**	Describe here.
3. County-level agency	**0**	Describe here.
4. District Attorney's Office	**0**	Describe here.
5. Other law enforcement agency	**2**	Describe here.
6. Retailer/business	**3**	Describe here.
7. Other	**0**	Describe here.

Activities to Address ORT, MVT, MVAT, or Cargo Theft

In the table below, each row lists pre-defined general categories of operations or activities which may have been engaged in or conducted to address ORT, MVT/MVAT, or cargo theft. For each general category, use the respective columns to report the frequency (use the options within the dropdown menu) during the baseline period and a description of the activities.

Activity	Frequency	Description
8. Task force operations	About once a quarter	**In one quarter, we had a four-day operation to respond to retail theft and organized retail theft.**
9. MVT/MVAT operations	Daily	**Among the grant partners there are 2 officers assigned to our County Vehicle Theft Task Force**
10. RTIC/RTCC activities	N/A	Describe here.
11. Retail/Business/Community Relations	About once a quarter	**Meetings with retailers to discuss and provide training on retail theft reporting templates and this grant.**
12. Other	N/A	Describe here.

MVT – motor vehicle theft. MVAT – motor vehicle accessory theft. RTIC – real-time information center. RTCC – real-time crime center.

Equipment and Technology in Operation

In the table below, each row lists pre-identified equipment or technology that may have been put into operation during the baseline period. For each item, use the respective columns to report the quantity that was put into operation during the baseline period and a description of the item(s).

Equipment/Technology	Quantity	Description
13. Automated license plate readers	**34**	**San Bruno had approximately 14 vehicle-mounted systems and 20 fixed-post systems.**
14. Bait/decoy cars	**N/A**	Describe here

15. Drones	**9**	**San Bruno PD had nine drones put into operation during the baseline reporting period.**
16. Etching devices	**N/A**	Describe here
17. Security cameras	**N/A**	Describe here
18. Software/database	**7**	**Our departments utilize various investigative platforms to document and assist with investigating ORT, MVT, and MVAT-related incidents. Seven systems are used in San Bruno during the baseline reporting period.**
19. Tracking devices	**0**	Describe here
20. Other	**N/A**	Describe here

Metrics

Metrics for ORT

For questions 1 through 4, report the requested metrics for the baseline period. Refer to the *Data Reporting Guide* for definitions of each metric. See Section A for the applicable definition of ORT.

Metric	Quantity
1. Number of incidents reported related to ORT	3,290
2. Number of arrests made related to ORT	961
3. Number of FTE staff positions assigned to ORT prevention activities	2.2
4. Number of referrals to the DA related to ORT	1,131

Metrics for MVT/MVAT

For questions 5 through 8, report the requested metrics for the baseline period. Refer to the *Data Reporting Guide* for definitions of each metric. See Section A for the applicable definition of MVT/MVAT.

Metric	Quantity
5. Number of incidents reported related to MVT/MVAT	1,500
6. Number of arrests made related MVT/MVAT	352
7. Number of FTE staff positions assigned to MVT/MVAT prevention activities	3.2
8. Number of referrals to the DA related to MVT/MVAT	696

Metrics for Cargo Theft

For questions 9 through 12, report the requested metrics for the baseline period. Refer to the *Data Reporting Guide* for definitions of each metric. See Section A for the applicable definition of cargo theft.

Metric	Quantity
9. Number of incidents reported related to cargo theft	Enter here
10. Number of arrests made related to cargo theft	Enter here
11. Number of FTE staff positions assigned to cargo theft prevention activities	Enter here
12. Number of referrals to the DA related to cargo theft	Enter here

Additional Narrative

1. **Additional Narrative.** Please provide any additional information necessary to understand the lead agency and its associated partners activities as it relates to ORT, MVT, MVAT, or cargo theft prior to

the grant project. If providing additional details in reference to a section within this report, please cite relevant sections.

Description: On Metrics for ORT and MVT/MVAT: There currently exists a challenge in the literature regarding the most appropriate way of measuring ORT at any point prior to the prosecutorial decision to pursue a case with an ORT related charge. Due to this conceptual challenge and faced with the need to calculate short-term statistics that may be collected at the moment of occurrence or shortly thereafter, we interpret ORT and MVT/MVAT aggregate figures as *potential* incidents/arrests/referrals related to ORT and MVT/MVAT. An alternative interpretation could also be ORT-*adjacent* or MVT/MVAT *adjacent* events. Incidents were calculated using CAD calls with call types that were related to the category in question. Any incidents that were communicated to the police departments through alternative avenues are not included in these estimates. In order to most appropriately count cases and arrests related to ORT, we implemented textual analysis that interpreted in case/arrest charge description fields terms closely associated with retail theft, grand/petty theft, and shoplifting. Additionally, we cross-checked these numbers with the specific charge numbers associated with those calls. Similarly, for MVT/MVAT, we identified the case/arrest charge descriptions that were related to vehicle theft, vehicle accessory theft, and tampering with vehicles. Throughout this reporting process and hereafter, we will continue to analyze the methodology used to count these events for reliability and consistency. Acknowledging the challenges mentioned above, we include below some additional numbers that refer to the specific number of arrests and referrals made with an Organized Retail Theft charge: **Incidents (54), Arrests (55) and DA referrals (59)**. Incidents for ORT-specific numbers were calculated using the total number of cases with offenses specifically related to ORT and are not calculated using CAD incoming calls. Full-time FTE times are calculated based on total on-scene time for each ORT adjacent or MVT/MVAT incident plus a one-hour estimation on cases that resulted in DA referrals (referrals include arrests) per case due to additional time needed for staff to complete required documentation and investigative steps for cases that result in an arrest or referral.
