We would like to reallocate the $31,855 savings to Equipment/Fixed Assets to purchase a monitor system (hardware, software, installation fees, etc.) for the real-time crime center (RTCC) to enhance the department's capabilities in addressing and preventing organized retail crime. 2) & 3) & 4) Daly City - Given the significant and sustained decline in motor vehicle thefts (MVT) and motor vehicle accessory thefts (MVAT) observed over the past year, we are requesting to redirect funds allocated the ORTTF details, MVT/MVAT details, as well as tracking devices (Equipment/Fixed Assets), toward the RTCC monitor system. In addition, as the need for trackers decreases, we would like to reallocate a portion of the funds earmarked for trackers to the RTCC. We will continue to closely monitor crime data and adjust as necessary if the trend reverses. - $55,930 from the overtime or straight-time pay for ORTTF details (for monitoring merchandise equipped with trackers to be placed in the bait car) to the RTCC monitor system - $50,870 from the overtime or straight-time pay for MVT/MVAT details to the RTCC monitor system - $7,482 from tracking devices to the RTCC monitor system 5) Daly City - Although we have noted a decline in overall motor vehicle thefts, most incidents are related to moped thefts. To better combat moped-related offenses, we are requesting to reallocate $5,000 from funds earmarked for tracking devices toward purchasing a moped (including outfitting) to be used as a bait vehicle, which will be deployed as needed. We will continue to track data and adjust the location and frequency of deployments as necessary. 6) Daly City - Also, we realized a savings of $4,240 in the overtime pay for the Administrative Assistant as the actual expenses for Year 1 were lower than the budgeted amount. We are requesting to reallocate the savings to the Equipment/Fixed Assets category for CSO vehicle outfitting. 7) Daly City - Additionally, we realized a savings of $3,558 in the compensation for the Hourly Management Analyst as the actual expenses for Year 2 (year-to-date) were lower than the budgeted amount. We would like to redirect the savings to the Equipment/Fixed Assets category for CSO vehicle outfitting. 8) & 9) Daly City - Moreover, we are requesting to adjust the budget for Services and Supplies to reflect the reduced need for resources designated for MVT/MVAT prevention and to reallocate the funds toward the RTCC.
Project Evaluation & Data Collection:	
Other (include travel costs):	Daly City PD 1) Move $9,682 from Other (Travel, Training, etc.) for the mailing campaign to the Equipment/Fixed Assets RTCC monitor system San Mateo PD 2) Move $15,000 from the mailing campaign within the Other (Travel, Training, etc.) category to tire deflation devices under Equipment/Fixed Assets 3) Move $10,000 from Other (Travel, Training, etc.) for the mailing campaign to Service & Supplies (community messaging equipment) Budget Modification 1) Daly City - We have realized savings of $9,682 in the mailing campaign by transitioning to a digital campaign. We would like to reallocate these savings toward the RTCC monitor system under Equipment/Fixed Assets. 2) San Mateo - We have realized $25,000 in savings in the Other (Travel, Training, etc.) category by switching from a print to a digital campaign. We would like to reallocate $15,000 of these savings to Equipment/Fixed Assets for the purchase of tire deflation devices that allow officers to more effectively and safely apprehend ORT suspects. 3) San Mateo - We are requesting to reallocate $10,000 of the savings from the mailing campaign toward Services & Supplies to purchase equipment and software for community messaging related to ORT. These items include graphic design (PD logos and badges by a graphic designer), technology (teleprompters, digital camera, microphones), public outreach campaigns (targeted advertising), and press conference materials (subscription for TVEyes). Updated Other (Travel, Training, etc.) after Budget Mod 3 Daly City: Total $1,038,618 ($1,048,300 - $9,682) - Mailing campaign: $1,918 ($11,600 - $9,682) - Amazon Web Services: $60,000 - C3: $841,000 - Axon dash cameras: $35,700 - Data integration fee: $100,000 San Bruno: Total $861,000 - Mailing campaign: $48,000 - Amazon Web Services: $27,000 - C3: $686,000 - Data integration fee: $100,000 San Mateo: Total $1,191,000 ($1,216,000 - $25,000) - Mailing campaign: $35,000 ($60,000 - $25,000) - Amazon Web Services: $65,000 - C3: $991,000 - Data integration fee: $100,000

We would like to reallocate the savings to strategically install Verkada street cameras and cellular gateways around shopping malls and major points of ingress and egress within the city. These cameras will stream live video to the SMPD's Real-Time Information Center (RTIC) and also serve as automatic license plate readers, feeding information into the Verkada Command system. The cloud-based cameras will upload videos for storage for investigative purposes. The scalable Verkada Command system allows any authorized officer or individual to view live footage, providing essential information to responding officers even when no RTIC operator is present. Based on training and experience with organized retail theft cases, SMPD has identified several areas commonly used by suspects as escape routes. Installing cameras in these areas would increase the likelihood of capturing those involved in organized retail theft. Salaries & Benefits:	Daly City PD Budget Modification 1) Move $3,480 from the Salaries & Benefits category (general grant support - Administrative Assistant) to the Equipment/Fixed Assets line for the two-way radios. - We realized a savings of $3,480 in overtime pay for the Administrative Assistant position as the actual expenses for the first half of Year 3 were below the budgeted amount. We would like to reallocate the savings to the Equipment/Fixed Assets category to purchase two-way radios to support the Real Time Intelligence Center (RTIC) and Organized Retail Theft (ORT) Task Force. 2) Move $13,599 from the Salaries & Benefits category (grant administration - Hourly Management Analyst) to the Equipment/Fixed Assets line for the two-way radios. - We realized a savings of $13,599 in salaries and benefits for the Hourly Management Analyst position as the actual costs for the first half of Year 3 were lower than the budgeted amount. We would like to reallocate the savings to the Equipment/Fixed Assets category for the two-way radios. Updated after Budget Mod 7: Total: $1,135,961 ($1,153,040 - $17,079) - Community Service Officer: $424,589 - Organized Retail Theft Task Force: $522,523 - MVT and MVAT Details: $26,940 - General grant support (Administrative Assistant): $30,168 ($33,648 - $3,480) - Grant administration (Hourly Management Analyst): $131,741 ($145,340 - $13,599)
