Good Afternoon Brian C.,

We will have a determination of the PRA request by 10/9/2026. The reason for the extension beyond the 10 day determination period is due to the need to coordinate with other divisions to ensure all requested records are accounted for and the volume of the records that need to be gone though.

Thank you,

-Edward Casho

Thank you for the update.

Did I somehow miss the 10 day determination that should have come last week?

Also, from the context of your message, it sounds like you are claiming the 14 day extension, which normally would also list the date (within 14 days) that the files would be produced by?

Hello,

I'm following up on my Public Records Act request concerning Grant Agreement BSCC 1150-23, submitted September 18, 2026 and logged as R000014-092126. The portal still lists it as a new request, and I have not received a determination under Government Code § 7922.535 or a notice of extension.

Could you please let me know its status and the date by which I can expect a determination?

If some items are ready before others, I'm glad to receive records on a rolling basis.

Thank you,
Brian
