**RE: Public Records Act Request #W013399-090826**

Dear Brian:

In accordance with Government Code § 7922.525, a legal review of your request has been completed. Any redactions or exemptions cited in the Department's response have been reviewed and authorized by the signatory of this letter.

This letter responds to your California Public Records Act ("CPRA") request dated September 8, 2026, submitted under Reference #W013399-090826. Please see the following responses to the requested records:

**From June 1, 2022 to the present:**

**1. The issued version of the July 22, 2022 memorandum "MANDATORY REASON FOR ALPR QUERIES," including any version bearing the signatures called for in its approval block, and any version addressed to dispatchers in addition to sworn personnel.**

**Department Response:** Please refer to the attachments section of the GovQA portal for the responsive record.

**2. The "Two previous memos" referenced in that memorandum, and records of the "in person lineup training" it describes.**

**Department Response:** The Department conducted a search for records responsive to this request and located no records related to the "in-person lineup training" referenced in the memorandum. Previous memorandums were released to you under PRAs W012666-050426 and W012672-050426.

**3. Records of Discussion issued in connection with inadequate entry of the REASON for an ALPR query, and records sufficient to show the number of such Records of Discussion issued in each calendar year. If the Department's position is that a Record of Discussion is**

not generated for each inadequate REASON entry, records describing the standard the Department applies in determining when one is issued.

By way of example, and without limiting the scope of this item, the following queries appear in the search audit records the Department produced under W012541-041426 with "investigation" as the entire stated reason:

For each of the queries listed above, I request records reflecting whether a Record of Discussion was issued, whether access to the databases was suspended, and whether remedial training was completed. For the remaining queries in the produced audit records stating "investigation" as the entire stated reason, I request any log, index, tracking record, database, or other compilation the Department maintains reflecting which ALPR queries resulted in a Record of Discussion, a suspension of access, or remedial training.

**Department Response:**

The Department located no responsive records subject to disclosure. To the extent any responsive records may exist within an employee's confidential personnel file. Police officer personnel records are generally exempt from disclosure pursuant to Government Code section 7927.705, which protects records that are exempted or prohibited from disclosure pursuant to federal or state law. Specifically, these records are made confidential and privileged by Cal. Penal Code section 832.7(a) and Cal. Evidence Code sections 1043 and 1046.

**4. Records of the suspension and reinstatement of user access to the ALPR databases, including Flock and Vigilant user-account administration records reflecting access removals and restorations, and records sufficient to show the number of access suspensions imposed in connection with inadequate entry of the REASON for an ALPR query in each calendar year.**

**Department Response:**

The Department did not locate any responsive records.

**5. Records of the "Remedial training" the memorandum requires for reinstated access, including curricula, rosters, and completion records.**

**Department Response:**

Training records were provided under your request #W012672-050426, the Department did not locate any additional responsive records subject to disclosure.

**6. The ALPR audit described in the June 27, 2022 correspondence, including the query set reviewed, the entries identified as not meeting the requirement, the responses received, and any resulting determinations.**

**Department Response:**

The Department did not locate any responsive records.

**7. Records of any review, audit, or monitoring of REASON entry for ALPR queries conducted after July 22, 2022, including the query sets reviewed and any findings, determinations, or corrective actions.**

**Department Response:**

The Department did not locate any responsive records.

**8. Records identifying the membership and charter of the ALPR Committee (alprcommittee@cityofsanmateo.org), its meeting records, and records of the "Leadership meeting" and "CS meeting" at which the course of action for inadequate REASON entries was discussed.**

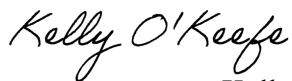

**Department Response:**

The Department did not locate any responsive records.

**9. Audit records for the Vigilant search platform, which the July 22, 2022 memorandum identifies alongside Flock as subject to the audit that prompted it.**

**Department Response:**

The Department did not locate any responsive records.
