

Dear Brain C,

In accordance with Government Code Section § 7922.525, a legal review of your request was completed. Any redactions or exemptions cited in the response were determined and authorized by the signatory of this letter. The following letter is in response to your request submitted under Reference # W013429-091426.

- (1) The incident report, case report, or other record documenting the substance of call, including any RMS case or report number assigned.**

See attached documents.

- (2) The CAD event chronology, unit history, or dispatch log for the call – i.e., the time-stamped record of unit assignment, status changes, and dispatcher/radio-traffic notations – as distinct from the narrative report requested in Item 1.**

See attached documents.

Portions of your request are withheld pursuant to the following:

Government Code § 7923.600, as they constitute as law-enforcement investigative record.

Pursuant to the California Public Records Act, the City has redacted the personal home addresses of members of the public contained within the requested records. This information is protected under **Article I, Section 1 of the California Constitution**, which establishes privacy as an inalienable right and the exemption of **Government Code Section 7922.000**.

The City has determined that individuals retain a substantial and reasonable expectation of privacy and safety in their home addresses. Conversely, there is little to no legitimate public interest in disclosing the exact residential locations of private citizens, as such information does not shed light on the conduct or operations of the City. Because the public interest served by not disclosing this private information clearly outweighs the public interest served by disclosure, the addresses have been appropriately segregated and redacted.

- (3) If any record responsive to Item 1 or Item 2 is withheld in whole or in part, an index entry identifying the record (by CAD incident number, date, and record type) and the specific exemption asserted, including, where § 7923.600 is asserted, whether the investigation to which the record relates is active or closed.**
