Subject: Flock Audit

Hi Brady-

I conducted a recent Flock audit and found that on 11/26/25 you conducted a search and listed the reason as "Theft." In the future, please try and support the theft with a cad number or case number if one is available. If not, then try to give a little more detail in the reason box. As you will see, Flock is now requiring an offense type and reason to be more transparent.

Let me know if you have any questions.

Thanks,

Lieutenant Steve Casazza
