Hello Paul,

I apologize for the misunderstanding on the policy for Flock searches. I spoke with the others in dispatch and recalled the email with the attached memo. We are all aware going forward to input the correct information in the reason box.

Regarding my search on 06/23/22 @ 1159hrs, Redwood City PD called into our dispatch and informed that they were taking a 10851 report and their officer informed them the vehicle had recently hit our flock system. I confirmed with their dispatcher they called our PD around 1149hrs to inform us. Their case number is: [REDACTED] and it was on a 2021 Chevy Silverado Uhaul pickup truck (that again hit flock in our city this morning).

Please let me know if there is any additional information I need to provide. Again, I apologize for the confusion and will make sure this will not happen again in the future.

Best,

Reina Ann Reyes

Subject: ALPR Audit

Hi Reina,

I am conducting an ALPR audit required by dept policy. You conducted a Flock search on 6/23/22 @ 1159 hours and listed a REASON of "INVESTIGATION." This does not meet the requirement and will need you to research this query to provide a case or incident number. If you are unable to provide a case or incident number, please provide a detailed description on why this query was made.
