August 20, 2026

Dear Chairman Maikowski and Members of the Board of Finance:

The Bristol Police Department is transitioning from FLOCK, our current license plate reader (LPR) vendor, upon the expiration of our contract in February 2027. The Department intends to incorporate these 14 LPR cameras into our existing Axon Technology Suite, allowing all LPR cameras in the City to operate on a single platform.

The funding for these cameras has already been approved and budgeted. Accordingly, pursuant to Section 2-1**,** Proprietary and Sole Source Transactions, of the City of Bristol Purchasing Manual, please consider this correspondence a formal request to contract with Axon as a sole-source transaction.

Axon possesses unique proprietary technology and functionality that allows its LPR system to integrate directly with the Department's existing Axon platform and technology ecosystem. Utilizing Axon will provide a unified operating system, improve interoperability, and maximize the City's existing investment while eliminating the need to maintain separate LPR platforms.

For these reasons, the Department respectfully requests approval to proceed with Axon as the sole-source provider for these 14 LPR cameras.

Thank you for your consideration.

Respectfully,

Chief Mark R. Morello

# Exceptions to Standard Terms and Conditions

**Rewrite Estimates**

**Estimated Amounts and Contract Terminations.** Any amounts stated as due under existing or terminated contracts — including contract transfer balances carried forward to new or pending contracts — are estimates based on payments received as of the calculation date. These estimates may be adjusted if new contracts are not executed on the anticipated dates or if expected payments are not made.

**Refresh Shipment Timing**

**Technology Assurance Plan (TAP) Refresh Prior to Renewal.** For Customers with expiring agreements that include TAP refresh rights, Axon may, in its discretion, ship refresh hardware under the existing contract while renewal or replacement agreements are in progress. Any such shipments will be deemed made under the terms of the existing contract until the new contract is fully executed, after which any applicable updates, fees, or adjustments will apply.

**Shipment Timing**

**Shipment Variance**. Estimated shipment dates are provided for planning purposes only and are not guarantees. Axon may ship hardware before or after the estimated shipment date, and failure to meet an estimated shipment date will not, by itself, constitute a breach, provided Axon uses commercially reasonable efforts to meet estimated shipment dates.
