Subject:	ORT Prevention - Daly City PD QPR 3 inquiries
Attachments:	EM Questions - Daly City PD QPR3 ORT-Prevention.docx

---

Good afternoon Winnie and Trent,

Thank you for submitting Daly City PD's QPR 3. The report is great overall but we just have clarifying questions that may require minor revisions (please see attached file for details).

We are still under a tight schedule to share data with the Governor's Office and would appreciate a quick response.

As always please let us know if you have any questions.

Kind regards,

Earl Morales

Organized Retail Theft (ORT) Prevention Grant Program | Quarterly Progress Report

PLEASE REVIEW CAREFULLY

Before completing this report, please review the *Data Reporting Guide* which provides due dates, reporting periods, a description of the progress reports, and a data dictionary with data compilation guidance, when necessary.

Grantee and Report Information

1. **Grantee:** Daly City Police Department
2. **Award Number:** BSCC 1150-23
3. **Reporting Period:** Quarter 3: 4/1/2024 – 6/30/2024, due August 15, 2024

Section A: Definitions of Key Terms

For each key term below, identify whether the specific definition provided (see the *Data Reporting Guide*) or a department specific definition was used. If a department specific definition was used, please use the text box provided to report the definition. If the key term is not applicable to the project, select the N/A option.

Organized Retail Theft (ORT)

1. Which ORT definition was used?

- ☐ N/A (skip items 1 through 4 in Metrics section)
- ☒ ORT definition provided.
- ☐ Department Specific ORT Definition. Please provide below and indicate how it differs from the definition provided:

Use this text box to provide the definition.

Motor Vehicle Theft (MVT) or Motor Vehicle Accessory Theft (MVAT)

2. Which MVT/MVAT definition was used?

- ☐ N/A (skip items 5 through 8 in Metrics section)
- ☒ MVT/MVAT definition provided.
- ☐ Department specific MVT/MVAT definition. Please provide below and indicate how it differs from the definition provided:

Use this text box to provide the definition.

Cargo Theft

3. Which cargo theft definition was used?

- ☒ N/A (skip items 9 through 12 in Metrics section)
- ☐ Cargo theft definition provided.
- ☐ Department specific cargo theft definition. Please provide below and indicate how it differs from the definition provided:

Use this text box to provide the definition.

Section B: Inputs & Implementation

Indicate the status of each of the project implementation activities below by using the dropdown menu provided and the status definitions below. Select “N/A” for any activity that does not apply to the

project.

Not Started	Planning	Implementation Started	Complete/Established	N/A
Have not yet been able to focus on project activity.	Started preparations and plans to begin implementing activity.	Initiated implementing this component but may not be fully developed or needs refinement.	Project activity is fully in place/completed and supporting project goals.	Does not apply to the project.

For each activity provide a narrative description of the progress, accomplishments, and/or challenges encountered in the reporting period. *Note: when all applicable components are "complete/established," document the quarter in which that occurred. For subsequent quarterly reports note the date of completion for the activity.*

1. **Staffing.** Hiring staff for the essential positions of the project.
   Implementation Started

   Description: Daly City Police Department (DCPD) onboarded the Management Analyst/Grant Administrator position. DCPD began the background process for hiring a Community Services Officer (CSO).

2. **Training.** Training provided to staff to support project goals.

   Implementation Started

   Description: Throughout this reporting period, DCPD officers and detectives attended various departmental trainings related to grant-funded technologies such as the StarChase system and ALPR systems, focusing on the best practices for using these investigative tools. In addition, San Bruno Police Department (SBPD) attended training sessions with the San Mateo County DA's Office and coordinated all the DA's Office trainings for the ORT Task Force (ORTTF). Furthermore, San Mateo Police Department (SMPD) sergeants and officers attended a regional SF Bay Area ORCA meeting. Both the SBPD and SMPD attended an ORT training presented by the California Narcotics Officers Association.
   Apart from these, there were multiple joint trainings specific to ORT hosted during our ORT Task Force deployment briefings for our ORT Task Force staff, including training by the San Francisco Police Department on ORT best practices, a training hosted by local retailers regarding the types of technologies they use to combat theft, and SMPD hosted a training on surveillance operations related to ORT.
   All three agencies met with the San Mateo County DA's Office to clarify various penal codes to ensure uniformity between agencies as it relates to reporting.

3. **Data Collection/Evaluation.** Systematic, ongoing data collection for the local and statewide evaluation. This includes the Local Evaluation Plan (LEP) for the BSCC, the securing of evaluator(s) if applicable, and the data collection method(s) for the QPR and Local Evaluation Report (LER).
   Implementation Started

   Description: Throughout Q3 grant partners worked with the external evaluator, RDA Consulting (RDA), to conduct data analysis and draft and submit QPRs.

   Commented [EM1]: Please confirm that this project implementation activity is not fully developed and is continually refined.

   If there no considerable changes to be made to data collection/evaluation procedures and processes, please consider changing the status to "Complete/Established" given RDA's involvement in data collection/evaluation and quality assurance

4. **Limit Racial Bias.** Policy(ies) in place and/or training(s) provided to ensure limiting of racial bias in implementation and facilitation of project activities.

   Complete/Established

   Description: All three agencies currently engaged in the partnership have policies in place to limit racial bias. New officers receive training at the police academy, during new hire orientation, and on an on-going basis as required by California POST.

5. **Surveillance Technologies Compliance.** Policy(ies) in place and/or trainings provided to govern the use of those technologies, including, but not limited to: compliance with privacy laws and securing of any data collected or stored.

Implementation Started

Description: All partner agencies have policies in place to ensure surveillance technology behavior and compliance. Training is completed during new-hire orientation and on-boarding (Field-Training). Should the need arise, the departments will also draft additional policies that will govern the adoption of new technology platforms, and we will have training completed once the systems are in place.

Commented [EM2]: Please see comment above for similar inquiry.

The description provides gives the impression that all partner agencies have surveillance technology policies fully in place, barring any policy changes from adoption of new technology; thus "Complete/Established" seems most appropriate.

Since DCPD is in a multi-agency partnership for this grant program, please be sure to select the lowest status of all the partners. For example, if SMPD is still implementing, you may leave the status as "Implementation Started"

6. **Quality Assurance.** Methods in place to ensure the project is being implemented as intended.

Complete/Established

Description: Grant partners meet monthly with RDA Consulting to review the status of our efforts and make any necessary changes to ensure the project is maintained and executed successfully. Individually, each department has their own QA methods in place. For example, DCPD and SBPD meet bi-weekly to discuss the status of our grant-funded items and SMPD conducts regular QA data pulls and audits to ensure compliance with program objectives.

SECTION C: Goals and Objectives

Enter the goals and objectives identified in the Project Work Plan (see grant contract) and are part of the Local Evaluation Plan. Describe the progress toward the goals and objectives the project was intended to address. Provide updates for each goal ***and*** its objectives related to the reporting period. Use as much space as needed within each of the tables to provide details about progress (the reporting boxes will expand as necessary).

Goal #1 Reduce occurrences of retail theft and vehicle/vehicle accessory theft in Daly City, San Bruno, and San Mateo.
Objectives: Reported losses from retail theft will reduce when comparing 2022-2023 data to 2025-2026 data for major retailers in Daly City, San Bruno, and San Mateo police departments' jurisdictions. Vehicle theft and vehicle accessory theft rates will reduce when comparing 2022-2023 data to 2025-2026 data for Daly City, San Bruno, and San Mateo police departments' jurisdictions.

1.a. Progress. Describe progress toward this goal ***and*** its objectives during this reporting period.

Description: The grant partnership has had successful deployments of our multi-agency ORT Task Force during this reporting period, resulting in approximately 54 arrests for theft-related incidents in our jurisdictions. As mentioned above, we met with the DA's Office and received additional training on ORT-specific crimes.

1.b. Challenges. Describe any challenges encountered while working toward this goal ***and*** its objectives, as well as any efforts to address the challenges.

	Challenges:	***How Addressed:***
i.	CIBRS continues to change what laws can be charged or reported.	We will communicate with the DA's office and our departments' staff to ensure officers are properly trained.
	Describe a challenge here.	Describe how addressed here.
ii.	Describe a challenge here.	Describe how addressed here.

Goal #2 N/A
Objectives: Input the associated objectives here.

2.a. Progress. Describe progress toward this goal ***and*** its objectives during this reporting period.

Description: Use this text box to describe progress toward the goal and its objectives.

2.b. Challenges. Describe any challenges encountered while working toward this goal ***and*** its

objectives, as well as any efforts to address the challenges.

Challenges:	*How Addressed:*
i. Describe a challenge here.	Describe how addressed here.
ii. Describe a challenge here.	Describe how addressed here.
iii. Describe a challenge here.	Describe how addressed here.

Goal #3 N/A
Objectives: Input the associated objectives here.

3.a. Progress. Describe progress toward this goal ***and*** its objectives during this reporting period.

Description: Use this text box to describe progress toward the goal and its objectives.

3.b. Challenges. Describe any challenges encountered while working toward this goal ***and*** its objectives, as well as any efforts to address the challenges.

Challenges:	*How Addressed:*
i. Describe a challenge here.	Describe how addressed here.
ii. Describe a challenge here.	Describe how addressed here.
iii. Describe a challenge here.	Describe how addressed here.

Goal #4 N/A
Objectives: Input the associated objectives here.

4.a. Progress. Describe progress toward this goal ***and*** its objectives during this reporting period.

Description: Use this text box to describe progress toward the goal and its objectives.

4.b. Challenges. Describe any challenges encountered while working toward this goal ***and*** its objectives, as well as any efforts to address the challenges.

Challenges:	*How Addressed:*
i. Describe a challenge here.	Describe how addressed here.
ii. Describe a challenge here.	Describe how addressed here.
iii. Describe a challenge here.	Describe how addressed here.

Goal #5 N/A
Objectives: Input the associated objectives here.

5.a. Progress. Describe progress toward this goal ***and*** its objectives during this reporting period.

Description: Use this text box to describe progress toward the goal and its objectives.

5.b. Challenges. Describe any challenges encountered while working toward this goal ***and*** its objectives, as well as any efforts to address the challenges.

Challenges:	*How Addressed:*
i. Describe a challenge here.	Describe how addressed here.
ii. Describe a challenge here.	Describe how addressed here.
iii. Describe a challenge here.	Describe how addressed here.

SECTION D: Activities

Formal Agreements or Partnerships

In the table below, each row lists pre-identified agencies with which a NEW formal operational agreement(s) or memorandum of understanding(s) (MOU(s)) may have been established during the reporting period. For each row, use the respective columns to report the number of new agreement(s) or MOU(s) established due to grant funds (column two), the number of new agreement(s) or MOU(s) established due to other fund sources (column three) and a description of the agreement(s) or MOU(s) (column three). If no agreements or MOUs were established for the corresponding item, please input a quantity of zero (0).

Agreements or Partnerships	Quantity utilizing *Grant Funds*	Quantity utilizing *Other Funds*	Description
1. Academic institution	0	0	Describe here.
2. Community-based organization	0	0	Describe here.
3. County-level agency	0	0	Describe here.
4. District Attorney's Office	0	0	Describe here.
5. Other law enforcement agency	0	0	Describe here.
6. Retailer/business	0	0	Describe here.
7. Other	0	0	Describe here.

Activities to Address ORT, MVT, MVAT, or Cargo Theft

In the table below, each row lists pre-defined general categories of operations or activities with which the project may have engaged in or conducted to address ORT, MVT/MVAT, or cargo theft. For each general category, use the respective columns to report the frequency (use the options within the dropdown menu) in which these operations or activities were engaged in or conducted during the reporting period with grant funds (column two) and with other funds (columns three). Use the fourth column to provide a description of the activities.

Commented [EM3]: Please confirm that empty cells in table below can be interpreted as "N/A" (Not Applicable) as the activities are not part of DCPD's (and its partner agencies) project activities.

Activity	Frequency utilizing *Grant Funds*	Frequency utilizing *Other Funds*	Description
8. Task force operations	**About once a quarter**	**N/A**	**Grant funding allows our agencies to fund an Organized Retail Theft Task Force which conducts 8 zero theft tolerance days in a quarter and rotates amongst DCPD, SBDP, and SMPD.**
9. MVT/MVAT operations	**About once a quarter**	**Daily**	**DCPD deployed a bait car with trackers and SMPD funded one officer for our County's Vehicle Theft Task Force.**
10. RTIC/RTCC activities	Select the frequency.	Select the frequency.	Describe here.
11. Retail/Business/Community Relations	Select the frequency.	**About once a month**	**DCPD, SBPD, and SMPD had multiple meetings with retailers to discuss the grant and how to report theft-related**

			incidents and specific investigations.
12. Other	Select the frequency.	Select the frequency.	Describe here.

MVT – motor vehicle theft. MVAT – motor vehicle accessory theft. RTIC – real-time information center. RTCC – real-time crime center.

Equipment and Technology in Operation

In the table below, each row lists pre-identified equipment or technology that may have been put into operation during the reporting period. Do not include equipment and technology that was purchased this quarter but was not put into operation. For each item, use the respective columns to report the quantity that was put into operation during the reporting period with grant funds (column two) and with other funds (column three). Use column four to provide a description of the item(s).

Commented [EM4]: Please confirm empty cells in table below can be interpreted as zeros

Equipment/Technology	Quantity utilizing *Grant Funds*	Quantity utilizing *Other Funds*	Description
13. Automated license plate readers	**34**	**37**	**DCPD had begun ALPR camera installations in Q3 and will continue into the next quarter.**
14. Bait/decoy cars	Enter here	Enter here	Describe here
15. Drones	Enter here	Enter here	Describe here
16. Etching devices	Enter here	**7**	**DCPD provided etching kits to residents to assist with combating MVAT.**
17. Security cameras	Enter here	**2**	**SMPD deployed a surveillance camera pole-trailer, obtained through separate funds, at a shopping center to monitor hot spots for ORT.**
18. Software/database	Enter here	Enter here	Describe here
19. Tracking devices	**10**	Enter here	**Our vehicle-mounted StarChase devices were installed and training on the usage of these systems has begun and will be completed next quarter.**
20. Other	Enter here	Enter here	Describe here

SECTION E: Metrics

Metrics for ORT

For questions 1 through 4, report the requested metrics for the reporting period. Refer to the *Data Reporting Guide* for definitions of each metric. See Section A for the applicable definition of ORT. For items 3 and 4, provide the quantity during the reporting period with grant funds (column two) and with other funds (column three).

Metric	Quantity	
1. Number of incidents reported related to ORT	987	
2. Number of arrests made related to ORT	371	
Metric	**Quantity utilizing Grant Funds**	**Quantity utilizing Other Funds**
3. Number of FTE staff positions assigned to ORT prevention activities	1.94	1.63

4. Number of cases referred to the DA for prosecution related to ORT	43	279

Metrics for MVT/MVAT

For questions 5 through 8, report the requested metrics for the reporting period. Refer to the *Data Reporting Guide* for definitions of each metric. See Section A for the applicable definition of MVT/MVAT. For items 7 and 8, provide the quantity during the reporting period with grant funds (column two) and with other funds (column three).

Metric	**Quantity**	
5. Number of incidents reported related to MVT/MVAT	464	
6. Number of arrests made related to MVT/MVAT	25	
Metric	**Quantity utilizing Grant Funds**	**Quantity utilizing Other Funds**
7. Number of FTE staff positions assigned to MVT/MVAT prevention activities	0	1.08
8. Number of cases referred to the DA for prosecution related to MVT/MVAT	0	22

Metrics for Cargo Theft

For questions 9 through 12, report the requested metrics for the reporting period. Refer to the *Data Reporting Guide* for definitions of each metric. See Section A for the applicable definition of cargo theft. For items 11 and 12, provide the quantity during the reporting period with grant funds (column two) and with other funds (column three).

Metric	**Quantity**	
9. Number of incidents reported related to cargo theft	Enter here	
10. Number of arrests made related to cargo theft	Enter here	
Metric	**Quantity utilizing Grant Funds**	**Quantity utilizing Other Funds**
11. Number of FTE staff positions assigned to cargo theft prevention activities	Enter here	Enter here
12. Number of cases referred to the DA for prosecution related to cargo theft	Enter here	Enter here

SECTION F: Challenges and Highlights

1. **Challenges:** Describe the challenges encountered during the reporting period, as well any as efforts to overcome the challenges.

   Description: DCPD is experiencing delays in the hiring process for the CSO position due to extensive background processes that must be completed. DCPD is working to address the hiring issue and plans to have a CSO in place in Q4.

   SMPD noticed through their on-going communication with retailers, that they greatly appreciate having marked patrol cars parked in front of or nearby their stores. SMPD regularly does this with one surplus car from the patrol fleet, but there are not sufficient cars to do this with all requesting retailers.

   All agencies have noticed delays with the permitting and installation of their ALPR technology. We are working with our ALPR vendor to increase the permitting and installation process to ensure this equipment is installed in a timely manner. We are also all experiencing issues with CIBRS in relation to reporting.

2. **Project Highlights.** Describe any highlights and/or accomplishments that occurred during the current reporting period.

   Description: During this reporting period, DCPD, SBPD, and SMPD continued to communicate

and build strong relationships with retailers and their loss prevention staff. This had led to successes with arrests of prolific ORT suspects and crews. Our multi-agency ORT Task Force had successful deployments that led to approximately 54 arrests for ORT-adjacent offenses, and 43 case referrals to the DA's Office due to some cases involving multiple arrests. Overall, our shopping centers and retailer partners have welcomed our ORT Task Force, and some have participated in our zero theft tolerance days, strengthening our collaborative efforts to combat ORT.

SECTION G: Additional Narrative

1. **Additional Narrative.** Please provide any additional information necessary to detail the project's progress during the reporting period. Any additional information that is project specific, which may help inform project progress, may be included here. If providing additional details in reference to a section within this report, please cite relevant sections.

   Description: On Metrics for ORT and MVT/MVAT: There currently exists a challenge in the literature regarding the most appropriate way of measuring ORT at any point prior to the prosecutorial decision to pursue a case with an ORT related charge. Due to this conceptual challenge and faced with the need to calculate short-term statistics that may be collected at the moment of occurrence or shortly thereafter, we interpret ORT and MVT/MVAT aggregate figures as *potential* incidents/arrests/referrals related to ORT and MVT/MVAT. An alternative interpretation could also be ORT-*adjacent* or MVT/MVAT-*adjacent* events. Incidents were calculated using CAD calls with call types that were related to the category in question. Any incidents that were communicated to the police departments through alternative avenues are not included in these estimates. In order to most appropriately count cases and arrests related to ORT, we implemented textual analysis that interpreted in case/arrest charge description fields terms closely associated with retail theft, grand/petty theft, and shoplifting. Additionally, we cross-checked these numbers with the specific charge numbers associated with those calls. Similarly, for MVT/MVAT, we identified the case/arrest charge descriptions that were related to vehicle theft, vehicle accessory theft, and tampering with vehicles. Throughout this reporting process and hereafter, we will continue to analyze the methodology used to count these events for reliability and consistency. Acknowledging the challenges mentioned above, we include below some additional numbers that refer to the specific number of arrests and referrals made with an Organized Retail Theft charge: **Cases (34), Arrests (35) and DA referrals (23)**. Incidents for ORT-specific numbers were calculated using the total number of cases with offenses specifically related to ORT and are not calculated using CAD incoming calls.
