DALY CITY

Budget Modification

Moving the following to create a new line item for **DCPD**:

1. Move $3,480 from Salaries & Benefits (general grant support – Administrative Assistant) to Equipment/Fixed Assets toward two-way radios.
2. Move $13,599 from Salaries & Benefits (grant administration – Hourly Management Analyst) to Equipment/Fixed Assets (two-way radios).

Narrative

1. We realized savings of $3,480 in overtime pay for the Administrative Assistant position as the actual expenses for the first half of Year 3 were below the budgeted amount. We would like to reallocate the savings to the Equipment/Fixed Assets category to purchase two-way radios to support the Real Time Intelligence Center (RTIC) and the Organized Retail Theft (ORT) Task Force.
2. We realized savings of $13,599 in salaries and benefits for the Hourly Management Analyst position as the actual costs for the first half of Year 3 were lower than the budgeted amount. We would like to reallocate the savings to the Equipment/Fixed Assets category for the two-way radios.

Transfer

- Salaries & Benefits to Equipment/Fixed Assets: $17,079
